Application for a §1915(c) Home and Community-Based Services Waiver

PURPOSE OF THE HCBS WAIVER PROGRAM

The Medicaid Home and Community-Based Services (HCBS) waiver program is authorized in §1915(c) of the Social Security Act. The program permits a State to furnish an array of home and community-based services that assist Medicaid beneficiaries to live in the community and avoid institutionalization. The State has broad discretion to design its waiver program to address the needs of the waiver’s target population. Waiver services complement and/or supplement the services that are available to participants through the Medicaid State plan and other federal, state and local public programs as well as the supports that families and communities provide.

The Centers for Medicare & Medicaid Services (CMS) recognizes that the design and operational features of a waiver program will vary depending on the specific needs of the target population, the resources available to the State, service delivery system structure, State goals and objectives, and other factors. A State has the latitude to design a waiver program that is cost-effective and employs a variety of service delivery approaches, including participant direction of services.

Request for a Renewal to a §1915(c) Home and Community-Based Services Waiver

1. Major Changes

Describe any significant changes to the approved waiver that are being made in this renewal application:

The State has made the following significant changes to the waiver in this renewal:

- Revise the Medicaid ICF/IID level of care criteria to clarify the developmental period is manifested prior to age 22 (from 18);
- Address the Center for Medicare and Medicaid Services (CMS) HCBS rule Transition Plan for setting requirements for home and community-based services received in a Pediatric Medical Day Care setting;
- Per Legislation, revise the waiver entrance requirements to allow eligible family members of a member of the armed services to retain their status in the waiver or on the processing list;
- Revise the waiver performance measures to enhance quality assurance outcomes.

Application for a §1915(c) Home and Community-Based Services Waiver

1. Request Information (1 of 3)

A. The State of South Carolina requests approval for a Medicaid home and community-based services (HCBS) waiver under the authority of §1915(c) of the Social Security Act (the Act).

B. Program Title (optional - this title will be used to locate this waiver in the finder):

   Medically Complex Children

C. Type of Request: renewal

   Requested Approval Period: (For new waivers requesting five year approval periods, the waiver must serve individuals who are dually eligible for Medicaid and Medicare.)

   - ☐ 3 years  ☐ 5 years

D. Type of Waiver (select only one):

   - Regular Waiver

Draft ID: SC.008.02.00

https://wms-mmdl.cdsvdc.com/WMS/faces/protected/35/print/PrintSelector.jsp

5/13/2016
E. Proposed Effective Date: 

01/01/17

1. Request Information (2 of 3)

F. Level(s) of Care. This waiver is requested in order to provide home and community-based waiver services to individuals who, but for the provision of such services, would require the following level(s) of care, the costs of which would be reimbursed under the approved Medicaid State plan (check each that applies):

- [ ] Hospital
  Select applicable level of care
  - [ ] Hospital as defined in 42 CFR §440.10
    If applicable, specify whether the State additionally limits the waiver to subcategories of the hospital level of care:

- [ ] Inpatient psychiatric facility for individuals age 21 and under as provided in 42 CFR §440.160
- [x] Nursing Facility
  Select applicable level of care
  - [ ] Nursing Facility as defined in 42 CFR 440.40 and 42 CFR 440.155
    If applicable, specify whether the State additionally limits the waiver to subcategories of the nursing facility level of care:
    Not Applicable
  - [ ] Institution for Mental Disease for persons with mental illnesses aged 65 and older as provided in 42 CFR §440.140
  - [x] Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) (as defined in 42 CFR §440.150)
    If applicable, specify whether the State additionally limits the waiver to subcategories of the ICF/IID level of care:
    Not Applicable

1. Request Information (3 of 3)

G. Concurrent Operation with Other Programs. This waiver operates concurrently with another program (or programs) approved under the following authorities:

Select one:

- [ ] Not applicable
- [ ] Applicable

Check the applicable authority or authorities:

- [ ] Services furnished under the provisions of §1915(a)(1)(a) of the Act and described in Appendix I
- [ ] Waiver(s) authorized under §1915(b) of the Act.

Specify the §1915(b) waiver program and indicate whether a §1915(b) waiver application has been submitted or previously approved:

Specify the §1915(b) authorities under which this program operates (check each that applies):

- [ ] §1915(b)(1) (mandated enrollment to managed care)
- [ ] §1915(b)(2) (central broker)
- [ ] §1915(b)(3) (employ cost savings to furnish additional services)
- [ ] §1915(b)(4) (selective contracting/limit number of providers)
- [ ] A program operated under §1932(a) of the Act.

Specify the nature of the State Plan benefit and indicate whether the State Plan Amendment has been submitted or previously approved:
A program authorized under §1915(i) of the Act.
A program authorized under §1915(j) of the Act.
A program authorized under §1115 of the Act.

Specify the program:

H. Dual Eligibility for Medicaid and Medicare.
Check if applicable:

☑️ This waiver provides services for individuals who are eligible for both Medicare and Medicaid.

2. Brief Waiver Description

**Brief Waiver Description.** *In one page or less*, briefly describe the purpose of the waiver, including its goals, objectives, organizational structure (e.g., the roles of state, local and other entities), and service delivery methods.
The purpose of the waiver is to serve children who meet the Nursing Facility or ICF-IID level of care, and have both chronic physical/health conditions expected to last longer than 12 months. The participants must also meet the State-defined medical eligibility criteria which evaluates the child dependency on medications, hospitalizations, skilled nursing services, ancillary services and specialist.

The goal of this waiver is to decrease hospitalizations and emergency room visits to enhance the quality of life for participants in a cost-effective manner.

The objective of the waiver is to provide ongoing continuity of care through the provision of a nurse care coordinator to be a liaison between the waiver participant and all medical and community service providers. The services offered in this waiver include Pediatric Medical Day Care, Respite, and Care Coordination.

3. Components of the Waiver Request

The waiver application consists of the following components. *Note: Item 3-E must be completed.*

A. Waiver Administration and Operation. Appendix A specifies the administrative and operational structure of this waiver.

B. Participant Access and Eligibility. Appendix B specifies the target group(s) of individuals who are served in this waiver, the number of participants that the State expects to serve during each year that the waiver is in effect, applicable Medicaid eligibility and post-eligibility (if applicable) requirements, and procedures for the evaluation and reevaluation of level of care.

C. Participant Services. Appendix C specifies the home and community-based waiver services that are furnished through the waiver, including applicable limitations on such services.

D. Participant-Centered Service Planning and Delivery. Appendix D specifies the procedures and methods that the State uses to develop, implement and monitor the participant-centered service plan (of care).

E. Participant-Direction of Services. When the State provides for participant direction of services, Appendix E specifies the participant direction opportunities that are offered in the waiver and the supports that are available to participants who direct their services. *(Select one):*

- ☐️ Yes. This waiver provides participant direction opportunities. Appendix E is required.
- ☑️ No. This waiver does not provide participant direction opportunities. Appendix E is not required.

F. Participant Rights. Appendix F specifies how the State informs participants of their Medicaid Fair Hearing rights and other procedures to address participant grievances and complaints.
G. Participant Safeguards. Appendix G describes the safeguards that the State has established to assure the health and welfare of waiver participants in specified areas.

H. Quality Improvement Strategy. Appendix H contains the Quality Improvement Strategy for this waiver.

I. Financial Accountability. Appendix I describes the methods by which the State makes payments for waiver services, ensures the integrity of these payments, and complies with applicable federal requirements concerning payments and federal financial participation.

J. Cost-Neutrality Demonstration. Appendix J contains the State's demonstration that the waiver is cost-neutral.

4. Waiver(s) Requested

A. Comparability. The State requests a waiver of the requirements contained in §1902(a)(10)(B) of the Act in order to provide the services specified in Appendix C that are not otherwise available under the approved Medicaid State plan to individuals who: (a) require the level(s) of care specified in Item 1.F and (b) meet the target group criteria specified in Appendix B.

B. Income and Resources for the Medically Needy. Indicate whether the State requests a waiver of §1902(a)(10)(C)(i)(III) of the Act in order to use institutional income and resource rules for the medically needy (select one):

- Not Applicable
- No
- Yes

C. Statewideness. Indicate whether the State requests a waiver of the statewideness requirements in §1902(a)(1) of the Act (select one):

- No
- Yes

If yes, specify the waiver of statewideness that is requested (check each that applies):

- Geographic Limitation. A waiver of statewideness is requested in order to furnish services under this waiver only to individuals who reside in the following geographic areas or political subdivisions of the State. Specify the areas to which this waiver applies and, as applicable, the phase-in schedule of the waiver by geographic area:

- Limited Implementation of Participant-Direction. A waiver of statewideness is requested in order to make participant-direction of services as specified in Appendix E available only to individuals who reside in the following geographic areas or political subdivisions of the State. Participants who reside in these areas may elect to direct their services as provided by the State or receive comparable services through the service delivery methods that are in effect elsewhere in the State. Specify the areas of the State affected by this waiver and, as applicable, the phase-in schedule of the waiver by geographic area:

5. Assurances

In accordance with 42 CFR §441.302, the State provides the following assurances to CMS:

A. Health & Welfare: The State assures that necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. These safeguards include:

1. As specified in Appendix C, adequate standards for all types of providers that provide services under this waiver;
2. Assurance that the standards of any State licensure or certification requirements specified in Appendix C are met for services or for individuals furnishing services that are provided under the waiver. The State assures that these requirements are met on the date that the services are furnished; and,

3. Assurance that all facilities subject to §1616(e) of the Act where home and community-based waiver services are provided comply with the applicable State standards for board and care facilities as specified in Appendix C.

B. Financial Accountability. The State assures financial accountability for funds expended for home and community-based services and maintains and makes available to the Department of Health and Human Services (including the Office of the Inspector General), the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver. Methods of financial accountability are specified in Appendix I.

C. Evaluation of Need: The State assures that it provides for an initial evaluation (and periodic reevaluations, at least annually) of the need for a level of care specified for this waiver, when there is a reasonable indication that an individual might need such services in the near future (one month or less) but for the receipt of home and community-based services under this waiver. The procedures for evaluation and reevaluation of level of care are specified in Appendix B.

D. Choice of Alternatives: The State assures that when an individual is determined to be likely to require the level of care specified for this waiver and is in a target group specified in Appendix B, the individual (or, legal representative, if applicable) is:

1. Informed of any feasible alternatives under the waiver; and,

2. Given the choice of either institutional or home and community-based waiver services. Appendix B specifies the procedures that the State employs to ensure that individuals are informed of feasible alternatives under the waiver and given the choice of institutional or home and community-based waiver services.

E. Average Per Capita Expenditures: The State assures that, for any year that the waiver is in effect, the average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures that would have been made under the Medicaid State plan for the level(s) of care specified for this waiver had the waiver not been granted. Cost-neutrality is demonstrated in Appendix J.

F. Actual Total Expenditures: The State assures that the actual total expenditures for home and community-based waiver and other Medicaid services and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred in the absence of the waiver by the State's Medicaid program for these individuals in the institutional setting(s) specified for this waiver.

G. Institutionalization Absent Waiver: The State assures that, absent the waiver, individuals served in the waiver would receive the appropriate type of Medicaid-funded institutional care for the level of care specified for this waiver.

H. Reporting: The State assures that annually it will provide CMS with information concerning the impact of the waiver on the type, amount and cost of services provided under the Medicaid State plan and on the health and welfare of waiver participants. This information will be consistent with a data collection plan designed by CMS.

I. Habilitation Services. The State assures that prevocational, educational, or supported employment services, or a combination of these services, if provided as habilitation services under the waiver are: (1) not otherwise available to the individual through a local educational agency under the Individuals with Disabilities Education Act (IDEA) or the Rehabilitation Act of 1973; and, (2) furnished as part of expanded habilitation services.

J. Services for Individuals with Chronic Mental Illness. The State assures that federal financial participation (FFP) will not be claimed in expenditures for waiver services including, but not limited to, day treatment or partial hospitalization, psychosocial rehabilitation services, and clinic services provided as home and community-based services to individuals with chronic mental illnesses if these individuals, in the absence of a waiver, would be placed in
an IMD and are: (1) age 22 to 64; (2) age 65 and older and the State has not included the optional Medicaid benefit cited in 42 CFR §440.140; or (3) age 21 and under and the State has not included the optional Medicaid benefit cited in 42 CFR § 440.160.

6. Additional Requirements

Note: Item 6-I must be completed.

A. Service Plan. In accordance with 42 CFR §441.301(b)(1)(i), a participant-centered service plan (of care) is developed for each participant employing the procedures specified in Appendix D. All waiver services are furnished pursuant to the service plan. The service plan describes: (a) the waiver services that are furnished to the participant, their projected frequency and the type of provider that furnishes each service and (b) the other services (regardless of funding source, including State plan services) and informal supports that complement waiver services in meeting the needs of the participant. The service plan is subject to the approval of the Medicaid agency. Federal financial participation (FFP) is not claimed for waiver services furnished prior to the development of the service plan or for services that are not included in the service plan.

B. Inpatients. In accordance with 42 CFR §441.301(b)(1)(ii), waiver services are not furnished to individuals who are inpatients of a hospital, nursing facility or ICF/IID.

C. Room and Board. In accordance with 42 CFR §441.310(a)(2), FFP is not claimed for the cost of room and board except when: (a) provided as part of respite services in a facility approved by the State that is not a private residence or (b) claimed as a portion of the rent and food that may be reasonably attributed to an unrelated caregiver who resides in the same household as the participant, as provided in Appendix I.

D. Access to Services. The State does not limit or restrict participant access to waiver services except as provided in Appendix C.

E. Free Choice of Provider. In accordance with 42 CFR §431.151, a participant may select any willing and qualified provider to furnish waiver services included in the service plan unless the State has received approval to limit the number of providers under the provisions of §1915(b) or another provision of the Act.

F. FFP Limitation. In accordance with 42 CFR §433 Subpart D, FFP is not claimed for services when another third-party (e.g., another third party health insurer or other federal or state program) is legally liable and responsible for the provision and payment of the service. FFP also may not be claimed for services that are available without charge, or as free care to the community. Services will not be considered to be without charge, or free care, when (1) the provider establishes a fee schedule for each service available and (2) collects insurance information from all those served (Medicaid, and non-Medicaid), and bills other legally liable third party insurers. Alternatively, if a provider certifies that a particular legally liable third party insurer does not pay for the service(s), the provider may not generate further bills for that insurer for that annual period.

G. Fair Hearing: The State provides the opportunity to request a Fair Hearing under 42 CFR §431 Subpart E, to individuals: (a) who are not given the choice of home and community-based waiver services as an alternative to institutional level of care specified for this waiver; (b) who are denied the service(s) of their choice or the provider(s) of their choice; or (c) whose services are denied, suspended, reduced or terminated. Appendix F specifies the State's procedures to provide individuals the opportunity to request a Fair Hearing, including providing notice of action as required in 42 CFR §431.210.

H. Quality Improvement. The State operates a formal, comprehensive system to ensure that the waiver meets the assurances and other requirements contained in this application. Through an ongoing process of discovery, remediation and improvement, the State assures the health and welfare of participants by monitoring: (a) level of care determinations; (b) individual plans and services delivery; (c) provider qualifications; (d) participant health and welfare; (e) financial oversight and (f) administrative oversight of the waiver. The State further assures that all problems identified through its discovery processes are addressed in an appropriate and timely manner, consistent with the severity and nature of the problem. During the period that the waiver is in effect, the State will implement the Quality Improvement Strategy specified in Appendix H.
I. **Public Input.** Describe how the State secures public input into the development of the waiver:

- Notice to Tribal Governments was sent by SCDHHS on May 5, 2016 and discussed with the tribe at a standing monthly meeting on May 25, 2016.

- Public notice was conducted by SCDHHS at the SCDHHS Medical Care Advisory Committee Meeting (MCAC) on May 3, 2016.

- Information was also submitted May 16, 2016 to the SCDHHS email list-serve and the SCDHHS website, and comments were solicited through July 15, 2016.

- SCDHHS conducted four regional meetings to discuss the proposed waiver renewal for public input on June 2, 2016 at Florence/Darlington Technical College, Florence, SC; June 7, 2016 at Trident Technical College, Charleston, SC; June 9, 2016 at Greenville Health System- Medical Staff Auditorium, Greenville, SC; and June 14, 2016 at BlueCross BlueShield on Farrow Road, Columbia, SC. Public comment was gathered from the public meetings listed above, from electronic communications sent to SCDHHS, and from any communications mailed to SCDHHS.

- Public notice on the MCC waiver renewal and HCBS Rule Transition Plan, including the proposed MCC 5 year waiver renewal and HCBS Rule Transition Plan documents, was posted on the following websites in May 2016:
  - SCDHHS website  www.scdhhs.gov
  - SCDDSN website  www.ddsnc.sc.gov
  - Family Connection website  www.familyconnectionsc.org
  - SC Developmental Disabilities Council website  www.scddc.state.sc.gov

- Public notice on the MCC waiver renewal and HCBS Rule Transition Plan was sent out via the SCDHHS listserv in May 2016.
- Printed public notice on the MCC waiver renewal and HCBS Rule Transition Plan was posted at SCDHHS Jefferson Square/Headquarters Lobby in May 2016.
- Printed copy of the MCC waiver renewal and HCBS Rule Transition Plan documents were made available for public view and comment at SCDHHS Jefferson Square/Headquarters Lobby in May 2016.

- Public comments were submitted to SCDHHS by mail at SCDHHS Division of Community Options P.O. Box 8206 Columbia, S.C. 29202-8206; Public comments were submitted electronically to comments@scdhhs.gov.
- Public comments were received to SCDHHS by close of business July 15, 2016
- Public comments were reviewed and taken into consideration for the MCC waiver renewal and HCBS Rule Transition Plan.

- The public input summary and comments are found in B Optional - Additional Needed Information.

J. **Notice to Tribal Governments.** The State assures that it has notified in writing all federally-recognized Tribal Governments that maintain a primary office and/or majority population within the State of the State's intent to submit a Medicaid waiver request or renewal request to CMS at least 60 days before the anticipated submission date is provided by Presidential Executive Order 13175 of November 6, 2000. Evidence of the applicable notice is available through the Medicaid Agency.

K. **Limited English Proficient Persons.** The State assures that it provides meaningful access to waiver services by Limited English Proficient persons in accordance with: (a) Presidential Executive Order 13166 of August 11, 2000 (65 FR 50121) and (b) Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003). **Appendix B** describes how the State assures meaningful access to waiver services by Limited English Proficient persons.

7. **Contact Person(s)**

A. The Medicaid agency representative with whom CMS should communicate regarding the waiver is:

8. Authorizing Signature

This document, together with Appendices A through J, constitutes the State's request for a waiver under §1915(c) of the Social Security Act. The State assures that all materials referenced in this waiver application (including standards, licensure and certification requirements) are readily available in print or electronic form upon request to CMS through the Medicaid agency or, if applicable, from the operating agency specified in Appendix A. Any proposed changes to the waiver will be submitted by the Medicaid agency to CMS in the form of waiver amendments.
Upon approval by CMS, the waiver application serves as the State's authority to provide home and community-based waiver services to the specified target groups. The State attests that it will abide by all provisions of the approved waiver and will continuously operate the waiver in accordance with the assurances specified in Section 5 and the additional requirements specified in Section 6 of the request.

Signature: [Signature]
State Medicaid Director or Designee

Attachments

Attachment #1: Transition Plan
Check the box next to any of the following changes from the current approved waiver. Check all boxes that apply.

☐ Replacing an approved waiver with this waiver.
☐ Combining waivers.
☐ Splitting one waiver into two waivers.
☐ Eliminating a service.
☐ Adding or decreasing an individual cost limit pertaining to eligibility.
☐ Adding or decreasing limits to a service or a set of services, as specified in Appendix C.
☐ Reducing the unduplicated count of participants (Factor C).
☐ Adding new, or decreasing, a limitation on the number of participants served at any point in time.
☐ Making any changes that could result in some participants losing eligibility or being transferred to another waiver under 1915(c) or another Medicaid authority.
☐ Making any changes that could result in reduced services to participants.

Specify the transition plan for the waiver:
Attachment #2: Home and Community-Based Settings Waiver Transition Plan

Specify the state's process to bring this waiver into compliance with federal home and community-based (HCB) settings requirements at 42 CFR 441.301(c)(4)-(5), and associated CMS guidance.

Consult with CMS for instructions before completing this item. This field describes the status of a transition process at the point in time of submission. Relevant information in the planning phase will differ from information required to describe attainment of milestones.

To the extent that the state has submitted a statewide HCB settings transition plan to CMS, the description in this field may reference that statewide plan. The narrative in this field must include enough information to demonstrate that this waiver complies with federal HCB settings requirements, including the compliance and transition requirements at 42 CFR 441.301(c)(6), and that this submission is consistent with the portions of the statewide HCB settings transition plan that are germane to this waiver. Quote or summarize germane portions of the statewide HCB settings transition plan as required.

Note that Appendix C-5 HCB Settings describes settings that do not require transition; the settings listed there meet federal HCB setting requirements as of the date of submission. Do not duplicate that information here.

Update this field and Appendix C-5 when submitting a renewal or amendment to this waiver for other purposes. It is not necessary for the state to amend the waiver solely for the purpose of updating this field and Appendix C-5. At the end of the state's HCB settings transition process for this waiver, when all waiver settings meet federal HCB setting requirements, enter "Completed" in this field, and include in Section C-5 the information on all HCB settings in the waiver.

The Center for Medicare and Medicaid Services (CMS) issued a final rule on Home and Community Based Services (HCBS) establishing certain requirements for home and community based services that are provided through Medicaid waivers, like the Medically Complex Children (MCC) Waiver. There are specific requirements for where home and community-based services are received which will be referred to as the “settings requirements.”

CMS requires that each state submit a “Transition Plan” for each waiver renewal or amendment. The Transition Plan outlines how the state will come into conformance and compliance with the HCBS Rule settings requirements. The state must also submit a “Statewide Transition Plan” that outlines how the state will come into conformance with the new requirements of the HCBS Rule for all of its 1915(c) waivers. States must come into full compliance with HCBS Rule requirements by Mar. 17, 2019.

This is the Transition Plan for the MCC Waiver Renewal. Per CMS requirements, this is available for the public to read and comment on before being submitted to CMS for review when the renewal is submitted.

The Transition Plan may change as the state goes through the process of coming into compliance with the HCBS Rule. If this plan undergoes any substantive changes after submission to CMS, the state will make it available again for public comment and input.

South Carolina assures that the settings transition plan included in this waiver renewal will be subject to any provisions or requirements included in South Carolina’s approved Statewide Transition Plan. South Carolina will implement any required changes upon approval of the Statewide Transition Plan and will make conforming changes to its waiver when it submits the next amendment or renewal.

Home and Community Based Settings Requirements:

CMS has listed the following as the requirements of settings where home and community based services are provided. They must have the following qualities (per 42 CFR 441.301 (c)(4)):

- The setting is integrated in and supports full access of individuals receiving Medicaid HCBS to the greater community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, control personal resources, and receive services in the community, to the same degree of access as individuals not receiving Medicaid HCBS.
- The setting is selected by the individual from among setting options including non-disability specific settings and an option for a private unit in a residential setting. The setting options are identified and documented in the person-centered service plan and are based on the individual's needs, preferences, and, for residential settings, resources available for room and board.
- Ensures an individual's rights of privacy, dignity and respect, and freedom from coercion and restraint.
- Optimizes, but does not regiment, individual initiative, autonomy, and independence in making life choices, including but not limited to, daily activities, physical environment, and with whom to interact.
• Facilitates individual choice regarding services and supports, and who provides them.

1. Communications and Outreach – Public Notice Process

1.1 Initial Plan Development
SCDHHS formed a workgroup to address and solicit input on how the state could come into compliance with the HCBS rule. This group is composed of members from:
• SC Department of Health and Human Services
• SC Department of Mental Health
• SC Department of Disabilities and Special Needs
• SC Vocational Rehabilitation Department
• Advocacy groups:
  o AARP South Carolina
  o Family Connection of South Carolina
  o Protection & Advocacy of People with Disabilities, Inc.
  o Able South Carolina
• Providers:
  o Local Disabilities and Special Needs Boards
  o Housing providers for mentally ill population
  o Adult Day Health Care Providers
  o Private Providers of Medicaid and HCBS services
• Beneficiaries and family members

The large workgroup broke into sub-groups to address different tasks of coming into compliance with the HCBS Rule. The large group meets monthly to discuss the progress of the sub-groups and to examine issues, concerns and the overall vision of how the state can come into compliance with the new regulation. This includes opportunities to comment on the current Statewide Transition Plan. The MCC waiver transition plan was modeled after the Statewide Transition Plan.

1.2 Public Notice and Comment on Waiver Renewal
SCDHHS has developed policy to provide multiple methods of public notice and input on waiver renewals which also includes its accompanying transition plan.
• Per 42 CFR 441.304 (f)(4), Tribal Notification was provided via conference call on May 25, 2016. A follow up email with notification was sent on May 5, 2016.
• The Medical Care Advisory Committee (MCAC) was provided advisories on the MCC 5 year waiver renewal and transition plan on May 3, 2016.
• Public notice for comment on the MCC 5 year waiver renewal and transition plan was posted on the SCDHHS website in June 2016.
• Public notice for comment on the MCC 5 year waiver renewal and transition plan was sent out via the SCDHHS listserv in June 2016.
• Four public meetings will be held to discuss the MCC waiver 5 year renewal proposed changes and its transition plan and what it means for South Carolina beneficiaries. These meetings will be held as follows:
  o Florence, SC June 2, 2016
  o Charleston, SC June 7, 2016
  o Greenville, SC June 9, 2016
  o Columbia, SC June 14, 2016
• Public notice on the MCC 5 year waiver renewal and transition plan, including the draft waiver application document and the waiver transition plan document, was posted on the following websites in June 2016:
  o SCDHHS website (https://www.scdhhs.gov/public-notices)
  o Family Connection website (http://www.familyconnectionsc.org/)
  o Developmental Disabilities Council website (http://scddc.sc.gov/)
• Public notice on the MCC waiver renewal and transition plan was sent out via the SCDHHS listserv in June 2016.
• Printed public notice on the MCC waiver renewal and transition plan was posted at SCDHHS Jefferson Square/Headquarters Lobby in June 2016.
• A printed copy of the MCC waiver renewal document and waiver transition plan document were made available for public view and comment at SCDHHS Jefferson Square/Headquarters Lobby in June 2016.
• Printed copies of public notice on the MCC 5 year waiver renewal and transition plan, including a printed copy of the draft waiver application document and waiver transition plan document, was posted in all 46 Healthy Connections Medicaid
County Offices in June 2016.
• Public comments will be gathered from the public meetings listed above, from electronic communications sent to SCDHHS, and from any communications mailed to SCDHHS. They will be compiled into a document and attached here. SCDHHS will review the comments and make changes, if applicable, to the waiver renewal and its transition plan based on public comments.

2. Assessment of Regulations, Policies, Licensing Standards, and Other Provider Requirements

2.1 Process of System-Wide Review
As part of the larger scope of the Statewide Transition Plan, SCDHHS reviewed the regulations, policies, standards, and other provider requirements that directly impact the home and community-based settings of the MCC waiver. They were read and reviewed to determine that the regulation, policy, etc. is not a barrier to the settings standards outlined in the HCBS Rule. The setting for South Carolina, as it relates to this waiver, is:
• Pediatric Medical Day Care

A report was developed detailing the relevant laws, regulations, policies, standards, and directives that correspond with each HCBS settings requirement. A committee of external stakeholders (including providers, advocates, and other state agencies) reviewed the system-wide assessment and document. That group provided feedback to verify the findings of the SCDHHS review.

2.2 Outcomes of System-Wide Review
As part of the Statewide Transition Plan, the following standards, rules, requirements, law, regulations, and policies were assessed as they relate to the MCC Waiver:
2. Department of Health and Human Services S.C. Regs. Chapter 126
3. SCDHHS Provider Manuals
   a. CLTC Provider Manual
   b. SC Medicaid Policy and Procedures Manual
5. Regulations for the Licensing of Childcare Facilities, Chapter 114-500

After reviewing these sources, SCDHHS created a spreadsheet detailing which statutes comply with or are in conflict with the corresponding HCBS settings requirements. This is attached in Appendix B of the Statewide Transition Plan found here. If the appendix is silent on any of the above listed resources, then it was noted as silent on the HCBS settings requirements.

SCDHHS has identified the following areas as not being fully compliant with the Federal settings regulations and will seek specific action to come into compliance:
1. SCDHHS Policy Leave of Absence from the State/CLTC Region of a Waiver Participant: “Individuals enrolled in Medicaid home and community-based waivers who travel out of state may retain a waiver slot under the following conditions: the trip out-of-state is a planned, temporary stay, not to exceed 90 consecutive days which is authorized prior to departure; the individual continues to receive a waiver service; waivered services are limited to the frequency of services currently approved in the participant’s plan of service; waivered services must be rendered by South Carolina Medicaid providers; the individual must remain Medicaid eligible in the State of South Carolina.”
   a. This policy does not specifically touch on any of the home and community-based settings requirements, but it may be an unnecessary restriction on a waiver participant. This policy may need further review.
   All other laws, regulations, standards, directives, and policies reviewed were either supporting of or not objecting to the home and community-based settings regulations and no further action needs to be taken.

2.3 Actions to Bring System into Compliance
The Division of Community Options in SCDHHS is responsible for the MCC waiver program. Staff in the division are reviewing the waiver document and related policies and procedures for areas that can be revised. This includes Appendix C-5 and Appendix D in the waiver document application. SCDHHS will use its internal policy management review process for implementing any additions or changes to any MCC-related policies in accordance with standard agency practice. Because these changes cannot go into effect until CMS approval of waiver document, SCDHHS anticipates the changes to be made by January 31, 2017.

2.4 Ongoing Compliance of System
Once system policies, procedures, standards, and directives have been updated to reflect the new HCBS requirements, ongoing compliance of the system will be monitored per the updated policies.
The Division of Community Options of SCDHHS serves as the Administrative and the Operating Authority for the Medically Complex Children (MCC) waiver. Community Options utilizes Phoenix as its data system for this waiver. The State Medicaid Agency and the Care Coordination Services Organization (CSO) will meet quarterly to monitor and analyze operational data and utilization from Phoenix to determine the effectiveness of the system and develop and implement necessary design changes. Annually the Medicaid Agency and CSO will review trended data to evaluate the overall quality improvement strategy. This process allows a thorough assessment of areas needing improvement and areas of best practice. Systems improvement for statewide problems can be addressed through a variety of measures which include revision of policies and procedures allowing SCDHHS to ensure compliance with the new HCBS standards.

It is through this established system of quality assurance review that ongoing compliance of HCBS standards will be monitored.

3. Assessment of Settings

3.1 Setting Types
The MCC waiver offers services to be provided in the home or in a community setting.

3.1.1 Private residences. Children may receive MCC services in the home if the parent/legal guardian chooses this type of setting. The HCB regulation allows states to presume a waiver participant’s home meets the requirements of HCB settings, therefore an assessment for compliance with the HCB settings requirements would not be necessary.

3.1.2 Pediatric Medical Day Care. This is a medical day treatment program that provides health and social services needed to ensure the optimal functioning of children with medically complex needs. Children may receive the MCC service of Pediatric Medical Day Care in a licensed child care center setting if the child is assessed for this service and is indicated in their person-centered service plan. There is only one setting in the state.

3.2 Setting Assessment Process
This setting was assessed through review of its licensing laws, regulations, and policies and through an initial site visit utilizing the C4 assessment tool. The C4 assessment was designed to evaluate individual facilities to determine compliance with the HCBS criteria outlined in 42 CFR 441.301(c)(4).

Development of the assessment tools and criteria. As detailed in the Statewide Transition Plan, an assessment tool was developed for day (non-residential) facilities. The criteria used to create this tool is outlined in 42 CFR 441.301(c)(4). Additionally, SCDHHS used the exploratory questions issued by CMS for the settings requirements.

Resources to conduct assessment and site visit. Resources to conduct the assessment came from SCDHHS personnel and financial resources.

An initial site visit to this setting was conducted on January 21, 2016, by SCDHHS waiver staff. The site visit included a tour of the facility, discussion with facility staff, and observation.

Assessment review. SCDHHS reviewed the initial assessment and documentation gathered at the time of the site visit to determine if the setting is in compliance. The documentation included the admission packet, transportation agreement, and the family and patient policies. It was noted that this Pediatric Medical Day Care serves children ages 4 weeks up through age 6 years. It is licensed as a Child Care Center per the licensing requirements required by the SC Department of Social Services (SCDSS).

3.3 Outcome
After initial review, it is determined that this setting is compliant with the HCBS settings requirements. Systemically, its licensing laws and regulations are the same as any other child care center facility used by individuals not receiving Medicaid HCB services. Additionally, it meets the HCB settings requirements outlined in 42 CFR 441.301(c)(4) as appropriate for children in the age group served at this facility. Therefore, this environment meets the settings characteristics outlined in the HCBS Rule.

3.4 Ongoing Compliance

Ongoing compliance of settings is currently monitored through SCDHHS policies and procedures in addition to regulatory compliance through SCDSS.

As stated previously, the Division of Community Options of SCDHHS serves as the Administrative and the Operating Authority for the Medically Complex Children (MCC) waiver. Community Options utilizes Phoenix as its data system for this waiver. The State Medicaid Agency and the CSO will meet quarterly to monitor and analyze operational data and utilization from Phoenix to determine the effectiveness of the system, including the provision of the Pediatric Medical Day Care service, and develop and implement necessary design changes. Annually the Medicaid Agency and CSO will review trended data to evaluate the overall quality improvement strategy. For settings compliance, an annual site visit to this facility, conducted by SCDHHS staff or a contracted vendor, will be instituted to ensure its ongoing compliance with HCBS.
standards. Information gathered from the site visit will be coupled with information reported during the annual unannounced inspection conducted by SCDSS to monitor compliance of this setting. These processes together allows a thorough assessment of areas needing improvement and areas of best practice. SCDHHS to ensure compliance with the new HCBS standards. It is through this enhanced system of quality assurance that the Pediatric Medical Day Care setting ongoing compliance of HCBS standards will be monitored.

**Additional Needed Information (Optional)**

Provide additional needed information for the waiver (optional):

---

**Appendix A: Waiver Administration and Operation**

1. **State Line of Authority for Waiver Operation.** Specify the state line of authority for the operation of the waiver (select one):

   - The waiver is operated by the State Medicaid agency.

     Specify the Medicaid agency division/unit that has line authority for the operation of the waiver program (select one):

   - The Medical Assistance Unit.

     Specify the unit name: **Division of Community Options** *(Do not complete item A-2)*

   - Another division/unit within the State Medicaid agency that is separate from the Medical Assistance Unit.

     Specify the division/unit name. This includes administrations/divisions under the umbrella agency that has been identified as the Single State Medicaid Agency.

     *(Complete item A-2-a).*

   - The waiver is operated by a separate agency of the State that is not a division/unit of the Medicaid agency.

     Specify the division/unit name:

     *(Complete item A-2-b).*

In accordance with 42 CFR §431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the waiver and issues policies, rules and regulations related to the waiver. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this policy is available through the Medicaid agency to CMS upon request. *(Complete item A-2-b).*

**Appendix A: Waiver Administration and Operation**

2. **Oversight of Performance.**

   a. **Medicaid Director Oversight of Performance When the Waiver is Operated by another Division/Unit**
within the State Medicaid Agency. When the waiver is operated by another division/administration within the umbrella agency designated as the Single State Medicaid Agency. Specify (a) the functions performed by that division/administration (i.e., the Developmental Disabilities Administration within the Single State Medicaid Agency), (b) the document utilized to outline the roles and responsibilities related to waiver operation, and (c) the methods that are employed by the designated State Medicaid Director (in some instances, the head of umbrella agency) in the oversight of these activities:

As indicated in section 1 of this appendix, the waiver is not operated by another division/unit within the State Medicaid agency. Thus this section does not need to be completed.

b. Medicaid Agency Oversight of Operating Agency Performance. When the waiver is not operated by the Medicaid agency, specify the functions that are expressly delegated through a memorandum of understanding (MOU) or other written document, and indicate the frequency of review and update for that document. Specify the methods that the Medicaid agency uses to ensure that the operating agency performs its assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify the frequency of Medicaid agency assessment of operating agency performance:

As indicated in section 1 of this appendix, the waiver is not operated by a separate agency of the State. Thus this section does not need to be completed.

Appendix A: Waiver Administration and Operation

3. Use of Contracted Entities. Specify whether contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable) (select one):

- Yes. Contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or operating agency (if applicable).
  Specify the types of contracted entities and briefly describe the functions that they perform. Complete Items A-5 and A-6:

  - Nursing Facility (NF) LOC assessments for waiver participants are performed by a Care Coordination Services Organization (CSO)
  - Pre-admission Screening (PAS) function is to determine eligibility for the applicant to enter the waiver program and is performed by the CSO.
  - The CSO provider's have responsibility for developing/implementing plans of care, service authorizations and waiver service monitoring.
  - The DHHS Quality Improvement Organization (QIO) conducts quality management reviews for the ICF/IID LOC determinations.

- No. Contracted entities do not perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable).

Appendix A: Waiver Administration and Operation

4. Role of Local/Regional Non-State Entities. Indicate whether local or regional non-state entities perform waiver operational and administrative functions and, if so, specify the type of entity (Select One):

- Not applicable
- Applicable - Local/regional non-state agencies perform waiver operational and administrative functions. Check each that applies:
  - Local/Regional non-state public agencies perform waiver operational and administrative functions at the local or regional level. There is an interagency agreement or memorandum of understanding between the State and these agencies that sets forth responsibilities and performance requirements for these agencies that is available through the Medicaid agency.
Specify the nature of these agencies and complete items A-5 and A-6:

- Local/Regional non-governmental non-state entities conduct waiver operational and administrative functions at the local or regional level. There is a contract between the Medicaid agency and/or the operating agency (when authorized by the Medicaid agency) and each local/regional non-state entity that sets forth the responsibilities and performance requirements of the local/regional entity. The contract(s) under which private entities conduct waiver operational functions are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Specify the nature of these entities and complete items A-5 and A-6:

Appendix A: Waiver Administration and Operation

5. Responsibility for Assessment of Performance of Contracted and/or Local/Regional Non-State Entities. Specify the state agency or agencies responsible for assessing the performance of contracted and/or local/regional non-state entities in conducting waiver operational and administrative functions:

DHHS contracts with a national Quality Improvement Organization (QIO) provides oversight of the ICF/IID LOC determinations performed by South Carolina Department of Disabilities and Special Needs (DDSN).

The DHHS Phoenix Case Management system (Phoenix System) is used by DHHS Quality Assurance (QA) Staff to review the NF LOC assessments performed by the CSO to ensure the LOC criteria is met.

The Phoenix System is an automated electronic system to assist Care Coordinators in their work, and used to perform a number of critical functions, including all intake, assessment, authorizations of services and care planning activities.

The Phoenix System also manages provider lists, quality indicators, and edits to ensure compliance with federal regulations and state policies.

Appendix A: Waiver Administration and Operation

6. Assessment Methods and Frequency. Describe the methods that are used to assess the performance of contracted and/or local/regional non-state entities to ensure that they perform assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify how frequently the performance of contracted and/or local/regional non-state entities is assessed:

The State uses the same criteria and instrument for all ICF/IID LOC determinations.

DHHS will utilize: 1) a Quality Improvement Organization (QIO) to conduct reviews of a representative sample of Level of Care Determinations performed by CSO to ensure the LOC criteria is uniformly applied; 2) QA staff to conduct periodic quality assurance focus reviews on the CMS quality assurance indicators and performance measures; and 3) Other DHHS Staff to conduct utilization reviews of qualified providers as warranted.

Appendix A: Waiver Administration and Operation

7. Distribution of Waiver Operational and Administrative Functions. In the following table, specify the entity or entities that have responsibility for conducting each of the waiver operational and administrative functions listed (check each that applies):

In accordance with 42 CFR §431.10, when the Medicaid agency does not directly conduct a function, it supervises the performance of the function and establishes and/or approves policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency. Note:
More than one box may be checked per item. Ensure that Medicaid is checked when the Single State Medicaid Agency (1) conducts the function directly; (2) supervises the delegated function; and/or (3) establishes and/or approves policies related to the function.

Appendix A: Waiver Administration and Operation

Quality Improvement: Administrative Authority of the Single State Medicaid Agency

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

a. Methods for Discovery: Administrative Authority

The Medicaid Agency retains ultimate administrative authority and responsibility for the operation of the waiver program by exercising oversight of the performance of waiver functions by other state and local/regional non-state agencies (if appropriate) and contracted entities.

i. Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance, complete the following. Performance measures for administrative authority should not duplicate measures found in other appendices of the waiver application. As necessary and applicable, performance measures should focus on:

- Uniformity of development/execution of provider agreements throughout all geographic areas covered by the waiver
- Equitable distribution of waiver openings in all geographic areas covered by the waiver
- Compliance with HCB settings requirements and other new regulatory components (for waiver actions submitted on or after March 17, 2014)

Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by
the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems
   i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

   The State (DHHS) retains full operational and administrative authority of this waiver. DHHS contracts with providers to perform waiver functions. Providers are responsible for implementing corrective actions as instructed by the DHHS Waiver Administrator. DHHS uses the Phoenix Case Management System to track multiple participant and provider activities including enrollments, LOC Assessments, service plans, monthly and quarterly contacts and complaints.

   ii. Remediation Data Aggregation

   Remediation-related Data Aggregation and Analysis (including trend identification)

   c. Timelines

   When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Administrative Authority that are currently non-operational.

   No
   Yes

   Please provide a detailed strategy for assuring Administrative Authority, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix B: Participant Access and Eligibility

B-1: Specification of the Waiver Target Group(s)

a. Target Group(s). Under the waiver of Section 1902(a)(10)(B) of the Act, the State limits waiver services to one or more groups or subgroups of individuals. Please see the instruction manual for specifics regarding age limits. In accordance with 42 CFR §441.301(b)(6), select one or more waiver target groups, check each of the subgroups in the selected target group(s) that may receive services under the waiver, and specify the minimum and maximum (if any) age of individuals served in each subgroup:

   Minimum Age
   Maximum Age

b. Additional Criteria. The State further specifies its target group(s) as follows:

Children with a serious illness or condition expected to last at least 12 months. The waiver participants must meet the following state defined medical criteria which identify the child as being dependent upon the evaluation of medications, hospitalizations, skilled nursing services, ancillary services, and specialist.

c. Transition of Individuals Affected by Maximum Age Limitation. When there is a maximum age limit that applies to individuals who may be served in the waiver, describe the transition planning procedures that are undertaken on behalf of participants affected by the age limit (select one):

- Not applicable. There is no maximum age limit
- The following transition planning procedures are employed for participants who will reach the waiver's maximum age limit.

Specify:

The State's Transition planning procedures will begin three months prior to age 18 to ensure transition to appropriate primary care and other home and community based waivers if eligible. Parents/legal guardians will be provided information about other services, supports, and appropriate referrals available (i.e., state plan services and other waiver alternatives). The Care Coordinator is responsible for coordinating the transition to other services.

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (1 of 2)

a. Individual Cost Limit. The following individual cost limit applies when determining whether to deny home and community-based services or entrance to the waiver to an otherwise eligible individual (select one). Please note that a State may have only ONE individual cost limit for the purposes of determining eligibility for the waiver:

- No Cost Limit. The State does not apply an individual cost limit. Do not complete Item B-2-b or item B-2-c.
Cost Limit in Excess of Institutional Costs. The State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed the cost of a level of care specified for the waiver up to an amount specified by the State. Complete Items B-2-b and B-2-c.

The limit specified by the State is (select one)

- A level higher than 100% of the institutional average.
  Specify the percentage: 

- Other
  Specify:

Institutional Cost Limit. Pursuant to 42 CFR 441.301(a)(3), the State refuses entrance to the waiver to any otherwise eligible individual when the State reasonably expects that the cost of the home and community-based services furnished to that individual would exceed 100% of the cost of the level of care specified for the waiver. Complete Items B-2-b and B-2-c.

Cost Limit Lower Than Institutional Costs. The State refuses entrance to the waiver to any otherwise qualified individual when the State reasonably expects that the cost of home and community-based services furnished to that individual would exceed the following amount specified by the State that is less than the cost of a level of care specified for the waiver.

Specify the basis of the limit, including evidence that the limit is sufficient to assure the health and welfare of waiver participants. Complete Items B-2-b and B-2-c.

The cost limit specified by the State is (select one):

- The following dollar amount:
  Specify dollar amount: 

  The dollar amount (select one)
  - Is adjusted each year that the waiver is in effect by applying the following formula:
    Specify the formula:

  - May be adjusted during the period the waiver is in effect. The State will submit a waiver amendment to CMS to adjust the dollar amount.
  - The following percentage that is less than 100% of the institutional average:
Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (2 of 2)

Answers provided in Appendix B-2-a indicate that you do not need to complete this section.

b. Method of Implementation of the Individual Cost Limit. When an individual cost limit is specified in Item B-2-a, specify the procedures that are followed to determine in advance of waiver entrance that the individual's health and welfare can be assured within the cost limit:

... (answer not provided)

c. Participant Safeguards. When the State specifies an individual cost limit in Item B-2-a and there is a change in the participant's condition or circumstances post-entrance to the waiver that requires the provision of services in an amount that exceeds the cost limit in order to assure the participant's health and welfare, the State has established the following safeguards to avoid an adverse impact on the participant (check each that applies):

- The participant is referred to another waiver that can accommodate the individual's needs.
- Additional services in excess of the individual cost limit may be authorized.

Specify the procedures for authorizing additional services, including the amount that may be authorized:

... (answer not provided)

Other safeguard(s)

Specify:

... (answer not provided)

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (1 of 4)

a. Unduplicated Number of Participants. The following table specifies the maximum number of unduplicated participants who are served in each year that the waiver is in effect. The State will submit a waiver amendment to CMS to modify the number of participants specified for any year(s), including when a modification is necessary due to legislative appropriation or another reason. The number of unduplicated participants specified in this table is basis for the cost-neutrality calculations in Appendix J:

<table>
<thead>
<tr>
<th>Waiver Year</th>
<th>Unduplicated Number of Participants</th>
</tr>
</thead>
<tbody>
<tr>
<td>Year 1</td>
<td>1188</td>
</tr>
</tbody>
</table>
b. Limitation on the Number of Participants Served at Any Point in Time. Consistent with the unduplicated number of participants specified in Item B-3-a, the State may limit to a lesser number the number of participants who will be served at any point in time during a waiver year. Indicate whether the State limits the number of participants in this way: (select one):

- The State does not limit the number of participants that it serves at any point in time during a waiver year.
- The State limits the number of participants that it serves at any point in time during a waiver year.

The limit that applies to each year of the waiver period is specified in the following table:

<table>
<thead>
<tr>
<th>Waiver Year</th>
<th>Maximum Number of Participants Served At Any Point During the Year</th>
</tr>
</thead>
<tbody>
<tr>
<td>Year 1</td>
<td>936</td>
</tr>
<tr>
<td>Year 2</td>
<td>1032</td>
</tr>
<tr>
<td>Year 3</td>
<td>1128</td>
</tr>
<tr>
<td>Year 4</td>
<td>1224</td>
</tr>
<tr>
<td>Year 5</td>
<td>1320</td>
</tr>
</tbody>
</table>

Appendix B: Participant Access and Eligibility

**B-3: Number of Individuals Served (2 of 4)**

c. Reserved Waiver Capacity. The State may reserve a portion of the participant capacity of the waiver for specified purposes (e.g., provide for the community transition of institutionalized persons or furnish waiver services to individuals experiencing a crisis) subject to CMS review and approval. The State (select one):

- Not applicable. The state does not reserve capacity.
- The State reserves capacity for the following purpose(s).

d. Scheduled Phase-In or Phase-Out. Within a waiver year, the State may make the number of participants who are served subject to a phase-in or phase-out schedule (select one):

- The waiver is not subject to a phase-in or a phase-out schedule.
- The waiver is subject to a phase-in or phase-out schedule that is included in Attachment #1 to Appendix B-3. This schedule constitutes an intra-year limitation on the number of participants who are served in the waiver.

e. Allocation of Waiver Capacity.

Select one:
Waiver capacity is allocated/managed on a statewide basis.

- Waiver capacity is allocated to local/regional non-state entities.

Specify: (a) the entities to which waiver capacity is allocated; (b) the methodology that is used to allocate capacity and how often the methodology is reevaluated; and, (c) policies for the reallocation of unused capacity among local/regional non-state entities:

f. Selection of Entrants to the Waiver. Specify the policies that apply to the selection of individuals for entrance to the waiver:

Waiver applicants will be admitted to the waiver after they meet all criteria for enrollment. If there are not sufficient waiver slots, waiver participants will be admitted on a first come first serve basis, based upon date of the application. Waiver participants may be able to bypass this process if they are being discharged from the hospital, require private duty nursing services, children served by the DSS foster care program, or have an eligible family member of the armed services who maintains a South Carolina residence.

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served - Attachment #1 (4 of 4)

Answers provided in Appendix B-3-d indicate that you do not need to complete this section.

Appendix B: Participant Access and Eligibility

B-4: Eligibility Groups Served in the Waiver

a. 1. State Classification. The State is a (select one):
   - §1634 State
   - SSI Criteria State
   - 209(b) State

2. Miller Trust State.
   Indicate whether the State is a Miller Trust State (select one):
   - No
   - Yes

b. Medicaid Eligibility Groups Served in the Waiver. Individuals who receive services under this waiver are eligible under the following eligibility groups contained in the State plan. The State applies all applicable federal financial participation limits under the plan. Check all that apply:

   Eligibility Groups Served in the Waiver (excluding the special home and community-based waiver group under 42 CFR §435.217)

- Low income families with children as provided in §1931 of the Act
- SSI recipients
- Aged, blind or disabled in 209(b) states who are eligible under 42 CFR §435.121
- Optional State supplement recipients
- Optional categorically needy aged and/or disabled individuals who have income at:

   Select one:
100% of the Federal poverty level (FPL)

% of FPL, which is lower than 100% of FPL.

Specify percentage:

☐ Working individuals with disabilities who buy into Medicaid (BBA working disabled group as provided in §1902(a)(10)(A)(ii)(XIII)) of the Act

☐ Working individuals with disabilities who buy into Medicaid (TWWIIA Basic Coverage Group as provided in §1902(a)(10)(A)(ii)(XV) of the Act)

☐ Working individuals with disabilities who buy into Medicaid (TWWIIA Medical Improvement Coverage Group as provided in §1902(a)(10)(A)(ii)(XVI) of the Act)

☐ Disabled individuals age 18 or younger who would require an institutional level of care (TEFRA 134 eligibility group as provided in §1902(e)(3) of the Act)

☐ Medically needy in 209(b) States (42 CFR §435.330)

☐ Medically needy in 1634 States and SSI Criteria States (42 CFR §435.320, §435.322 and §435.324)

☐ Other specified groups (include only statutory/regulatory reference to reflect the additional groups in the State plan that may receive services under this waiver)

Specify:

All other mandatory and optional AFDC-related groups under the state plan, low income families with children as provided in §1931 of the Act, SSI recipients, Optional State supplement recipients.

---

**Special home and community-based waiver group under 42 CFR §435.217** Note: When the special home and community-based waiver group under 42 CFR §435.217 is included, Appendix B-5 must be completed

☐ No. The State does not furnish waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217. **Appendix B-5 is not submitted.**

☐ Yes. The State furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217.

Select one and complete Appendix B-5.

☐ All individuals in the special home and community-based waiver group under 42 CFR §435.217

☐ Only the following groups of individuals in the special home and community-based waiver group under 42 CFR §435.217

Check each that applies:

☐ A special income level equal to:

Select one:

☐ 300% of the SSI Federal Benefit Rate (FBR)

☐ A percentage of FBR, which is lower than 300% (42 CFR §435.236)

Specify percentage:

☐ A dollar amount which is lower than 300%.

Specify dollar amount:

☐ Aged, blind and disabled individuals who meet requirements that are more restrictive than the SSI program (42 CFR §435.121)
Medically needy without spenddown in States which also provide Medicaid to recipients of SSI (42 CFR §435.320, §435.322 and §435.324)

Medically needy without spend down in 209(b) States (42 CFR §435.330)

Aged and disabled individuals who have income at:

Select one:

- 100% of FPL
- % of FPL, which is lower than 100%

Specify percentage amount:

Other specified groups (include only statutory/regulatory reference to reflect the additional groups in the State plan that may receive services under this waiver)

Specify:

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (1 of 7)

In accordance with 42 CFR §441.303(e), Appendix B-5 must be completed when the State furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR §435.217, as indicated in Appendix B-4. Post-eligibility applies only to the 42 CFR §435.217 group.

a. Use of Spousal Impoverishment Rules. Indicate whether spousal impoverishment rules are used to determine eligibility for the special home and community-based waiver group under 42 CFR §435.217:

Note: For the five-year period beginning January 1, 2014, the following instructions are mandatory. The following box should be checked for all waivers that furnish waiver services to the 42 CFR §435.217 group effective at any point during this time period.

- Spousal impoverishment rules under §1924 of the Act are used to determine the eligibility of individuals with a community spouse for the special home and community-based waiver group. In the case of a participant with a community spouse, the State uses spousal post-eligibility rules under §1924 of the Act. Complete Items B-5-e (if the selection for B-4-a-i is SSI State or §1634) or B-5-f (if the selection for B-4-a-i is 209b State) and Item B-5-g unless the state indicates that it also uses spousal post-eligibility rules for the time periods before January 1, 2014 or after December 31, 2018.

Note: The following selections apply for the time periods before January 1, 2014 or after December 31, 2018 (select one).

- Spousal impoverishment rules under §1924 of the Act are not used to determine eligibility of individuals with a community spouse for the special home and community-based waiver group. The State uses regular post-eligibility rules for individuals with a community spouse.

In the case of a participant with a community spouse, the State elects to (select one):

- Use spousal post-eligibility rules under §1924 of the Act. (Complete Item B-5-b (SSI State) and Item B-5-d)
- Use regular post-eligibility rules under 42 CFR §435.726 (SSI State) or under §435.735 (209b State) (Complete Item B-5-b (SSI State). Do not complete Item B-5-d)
- Spousal impoverishment rules under §1924 of the Act are not used to determine eligibility of individuals with a community spouse for the special home and community-based waiver group. The State uses regular post-eligibility rules for individuals with a community spouse.
Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (2 of 7)

Note: The following selections apply for the time periods before January 1, 2014 or after December 31, 2018.

b. Regular Post-Eligibility Treatment of Income: SSI State.

The State uses the post-eligibility rules at 42 CFR 435.726 for individuals who do not have a spouse or have a spouse who is not a community spouse as specified in §1924 of the Act. Payment for home and community-based waiver services is reduced by the amount remaining after deducting the following allowances and expenses from the waiver participant's income:

i. Allowance for the needs of the waiver participant (select one):

The following standard included under the State plan

Select one:

- SSI standard
- Optional State supplement standard
- Medically needy income standard
- The special income level for institutionalized persons

(select one):

- 300% of the SSI Federal Benefit Rate (FBR)
- A percentage of the FBR, which is less than 300%
  Specify the percentage:
- A dollar amount which is less than 300%
  Specify dollar amount:
- A percentage of the Federal poverty level
  Specify percentage:
- Other standard included under the State Plan

Specify:

- The following dollar amount
  Specify dollar amount: If this amount changes, this item will be revised.
- The following formula is used to determine the needs allowance:

Specify:
ii. **Allowance for the spouse only (select one):**

- **Not Applicable**
- The state provides an allowance for a spouse who does not meet the definition of a community spouse in §1924 of the Act. Describe the circumstances under which this allowance is provided:

  **Specify:**

<table>
<thead>
<tr>
<th>Specify:</th>
</tr>
</thead>
</table>

Specify the amount of the allowance *(select one)*:

- SSI standard
- Optional State supplement standard
- Medically needy income standard
- The following dollar amount:

  Specify dollar amount: If this amount changes, this item will be revised.

- The amount is determined using the following formula:

  **Specify:**

<table>
<thead>
<tr>
<th>Specify:</th>
</tr>
</thead>
</table>

iii. **Allowance for the family (select one):**

- Not Applicable (see instructions)
- AFDC need standard
- Medically needy income standard
- The following dollar amount:

  Specify dollar amount: The amount specified cannot exceed the higher of the need standard for a family of the same size used to determine eligibility under the State's approved AFDC plan or the medically needy income standard established under 42 CFR §435.811 for a family of the same size. If this amount changes, this item will be revised.

- The amount is determined using the following formula:

  **Specify:**

| Specify: |
iv. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 §CFR 435.726:

a. Health insurance premiums, deductibles and co-insurance charges
b. Necessary medical or remedial care expenses recognized under State law but not covered under the State's Medicaid plan, subject to reasonable limits that the State may establish on the amounts of these expenses.

Select one:

- Not Applicable (see instructions)Note: If the State protects the maximum amount for the waiver participant, not applicable must be selected.
- The State does not establish reasonable limits.
- The State establishes the following reasonable limits

Specify:

State Plan: Supplement 3 to Attachment 2.6-A, Page 1

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (3 of 7)

Note: The following selections apply for the time periods before January 1, 2014 or after December 31, 2018.

c. Regular Post-Eligibility Treatment of Income: 209(B) State.

Answers provided in Appendix B-4 indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (4 of 7)

Note: The following selections apply for the time periods before January 1, 2014 or after December 31, 2018.

d. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules

The State uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care if it determines the individual's eligibility under §1924 of the Act. There is deducted from the participant's monthly income a personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the State Medicaid Plan. The State must also protect amounts for incurred expenses for medical or remedial care (as specified below).

i. Allowance for the personal needs of the waiver participant
(select one):
- SSI standard
- Optional State supplement standard
- Medically needy income standard
- The special income level for institutionalized persons
- A percentage of the Federal poverty level

Specify percentage:

The following dollar amount:

Specify dollar amount: If this amount changes, this item will be revised

The following formula is used to determine the needs allowance:

Specify formula:

Other

Specify:

ii. If the allowance for the personal needs of a waiver participant with a community spouse is different from the amount used for the individual's maintenance allowance under 42 CFR §435.726 or 42 CFR §435.735, explain why this amount is reasonable to meet the individual's maintenance needs in the community.

Select one:

- Allowance is the same
- Allowance is different.

Explanation of difference:

iii. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 CFR §435.726:

- Health insurance premiums, deductibles and co-insurance charges
- Necessary medical or remedial care expenses recognized under State law but not covered under the State's Medicaid plan, subject to reasonable limits that the State may establish on the amounts of these expenses.

Select one:

- Not Applicable (see instructions)Note: If the State protects the maximum amount for the waiver participant, not applicable must be selected.
- The State does not establish reasonable limits.
The State uses the same reasonable limits as are used for regular (non-spousal) post-eligibility.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (5 of 7)

Note: The following selections apply for the five-year period beginning January 1, 2014.

Answers provided in Appendix B-5-a indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (6 of 7)

Note: The following selections apply for the five-year period beginning January 1, 2014.

Answers provided in Appendix B-5-a indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (7 of 7)

Note: The following selections apply for the five-year period beginning January 1, 2014.

The State uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care. There is deducted from the participant's monthly income a personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the State Medicaid Plan. The State must also protect amounts for incurred expenses for medical or remedial care (as specified below).

Answers provided in Appendix B-5-a indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-6: Evaluation/Reevaluation of Level of Care

As specified in 42 CFR §441.302(c), the State provides for an evaluation (and periodic reevaluations) of the need for the level (s) of care specified for this waiver, when there is a reasonable indication that an individual may need such services in the near future (one month or less), but for the availability of home and community-based waiver services.

a. Reasonable Indication of Need for Services. In order for an individual to be determined to need waiver services, an individual must require: (a) the provision of at least one waiver service, as documented in the service plan, and (b) the provision of waiver services at least monthly or, if the need for services is less than monthly, the participant requires regular monthly monitoring which must be documented in the service plan. Specify the State's policies concerning the reasonable indication of the need for services:
i. **Minimum number of services.**

The minimum number of waiver services (one or more) that an individual must require in order to be determined to need waiver services is:

ii. **Frequency of services.** The State requires (select one):

- The provision of waiver services at least monthly
- Monthly monitoring of the individual when services are furnished on a less than monthly basis

*If the State also requires a minimum frequency for the provision of waiver services other than monthly (e.g., quarterly), specify the frequency:*

b. **Responsibility for Performing Evaluations and Reevaluations.** Level of care evaluations and reevaluations are performed (select one):

- Directly by the Medicaid agency
- By the operating agency specified in Appendix A
- By an entity under contract with the Medicaid agency.

*Specify the entity:*

- Other
  *Specify:*

  ICF/IID LOC determinations (evaluations and re-evaluations) are performed by DDSN. Initial NF LOC assessments and re-evaluations are performed by the RN care coordinators.

c. **Qualifications of Individuals Performing Initial Evaluation:** Per 42 CFR §441.303(c)(1), specify the educational/professional qualifications of individuals who perform the initial evaluation of level of care for waiver applicants:

  Registered Nurse (RN) licensed by the State of South Carolina perform NF LOC determinations.

  The DDSN Consumer Assessment Team (CAT) conducts the ICF/ID LOC determinations.

1. The Director of Consumer Assessments: Minimum qualifications are a Doctorate in Applied Psychology from a designated program in Psychology; or 60 semester hours post-graduate credit towards a Doctorate in Applied Psych and 3 years experience in the practice of Applied Psych subsequent to 1 year graduate work (30) hours in Psych; or Master's degree in Applied Psych and 5 years experience in practice subsequent to Master's degree, or possession of current license to practice Psychology in South Carolina.

2. Psychologist: Minimum qualifications are a Master's degree in psychology and 4 years of clinical experience subsequent to Master's degree or possession of a license to practice psychology in the State of South Carolina. If the years of experience are not met, the psychologist will receive direct supervision and all work is reviewed by a psychologist.

d. **Level of Care Criteria.** Fully specify the level of care criteria that are used to evaluate and reevaluate whether an individual needs services through the waiver and that serve as the basis of the State's level of care instrument/tool. Specify the level of care instrument/tool that is employed. State laws, regulations, and policies concerning level of care criteria and the level of care instrument/tool are available to CMS upon request through the Medicaid agency or the operating agency (if applicable), including the instrument/tool utilized.

A standardized comprehensive assessment tool is utilized to determine the participants medical, psychosocial, and functional abilities. The criteria below describe the minimum services and functional deficits necessary to qualify for
the waiver.

NF LOC-Skilled

Participants may meet the skilled LOC in one of two ways.

1. The participant must be totally dependent in all activities of daily living (ADL).

2. The participant requires at least one skilled medical service and have at least one functional deficit in their ADL.

NF LOC-Intermediate

Participants not meeting the skilled LOC may meet the intermediate LOC in one of two ways.

1. The participant is extensively dependent in at least two ADL.

2. The participant has at least one functional deficit in ADL and at least one of the following intermediate service needs:
   a. Daily monitoring of a significant medical condition requiring overall care planning in order to maintain optimum health status. The individual should manifest a documented need which warrants such monitoring.
   b. Supervision of moderate/severe memory, either long or short term, manifested by disorientation, bewilderment, and forgetfulness which requires significant intervention in overall care planning.
   c. Supervision of moderately impaired cognitive skills manifested by decisions which may reasonably be expected to affect an individual's own safety.
   d. Supervision of moderate problem behavior manifested by verbal abusiveness, physical abusiveness, or socially inappropriate/disruptive behavior.

ICF-IID LOC

Eligibility for Medicaid sponsored Intermediate Care Facility / Individuals with Intellectual Disabilities (ICF/IID) in South Carolina consists of meeting the following criteria:

1. The person has a confirmed diagnosis of mental retardation, OR a related disability as defined by 42 CFR § 435.1010 and S.C. Code Ann. § Section 44-20-30.

   “Intellectual Disability” means significantly sub-average general intellectual functioning existing concurrently with deficits in adaptive behavior and manifested during the developmental period, which is defined as prior to the age of 22.

   “Related disability” is a severe, chronic condition found to be closely related to mental retardation and must meet the four following conditions:

   • It is attributable to cerebral palsy, epilepsy, autism or any other condition other than mental illness found to be closely related to mental retardation because this condition results in impairment similar to that of persons with mental retardation and requires treatment or services similar to those required for these persons.
   • It is manifested before 22 years of age.
   • It is likely to continue indefinitely.
   • It results in substantial functional limitations in 3 or more of the following areas of major life activities: self-care, understanding and use of language, learning, mobility, self-direction and capacity for independent living.

   AND

2. The person’s needs are such that supervision is necessary due to impaired judgment, limited capabilities, behavior problems, abusiveness, assaultiveness or because of drug effects/medical monitorship.

   AND

3. The person is in need of services directed toward a) the acquisition of the behaviors necessary to function with as much self-determination and independence as possible; or b) the prevention or deceleration of regression or loss of current optimal functional status.
The above criteria are applied as a part of a comprehensive review conducted by an interdisciplinary team. The criteria describe the minimum services and functional deficits necessary to qualify for Medicaid-sponsored ICF/ID.

Because no set of criteria can adequately describe all the possible circumstances, knowledge of an individual’s particular situation is essential in applying these criteria. Professional judgment is used in rating the individual’s abilities and needs.

A standardized instrument is used to gather necessary information for the level of care determination.

e. **Level of Care Instrument(s).** Per 42 CFR §441.303(c)(2), indicate whether the instrument/tool used to evaluate level of care for the waiver differs from the instrument/tool used to evaluate institutional level of care (select one):

- The same instrument is used in determining the level of care for the waiver and for institutional care under the State Plan.
- A different instrument is used to determine the level of care for the waiver than for institutional care under the State plan.

Describe how and why this instrument differs from the form used to evaluate institutional level of care and explain how the outcome of the determination is reliable, valid, and fully comparable.

f. **Process for Level of Care Evaluation/Reevaluation:** Per 42 CFR §441.303(c)(1), describe the process for evaluating waiver applicants for their need for the level of care under the waiver. If the reevaluation process differs from the evaluation process, describe the differences:

The same NF and ICF/IID processes are used to perform evaluation and re-evaluation.

g. **Reevaluation Schedule.** Per 42 CFR §441.303(c)(4), reevaluations of the level of care required by a participant are conducted no less frequently than annually according to the following schedule (select one):

- Every three months
- Every six months
- Every twelve months
- Other schedule
  Specify the other schedule:

h. **Qualifications of Individuals Who Perform Reevaluations.** Specify the qualifications of individuals who perform reevaluations (select one):

- The qualifications of individuals who perform reevaluations are the same as individuals who perform initial evaluations.
- The qualifications are different.
  Specify the qualifications:

i. **Procedures to Ensure Timely Reevaluations.** Per 42 CFR §441.303(c)(4), specify the procedures that the State employs to ensure timely reevaluations of level of care (specify):

The state currently operates an electronic case management system, Phoenix, that tracks the dates of all forms utilized in the maintenance of waiver operations. This includes LOC determination dates, and reports for upcoming and outstanding LOC. These reports are monitored by DHHS and CSO staff.

j. **Maintenance of Evaluation/Reevaluation Records.** Per 42 CFR §441.303(c)(3), the State assures that written and/or electronically retrievable documentation of all evaluations and reevaluations are maintained for a minimum period of 3 years as required in 45 CFR §92.42. Specify the location(s) where records of evaluations and reevaluations of level of
Appendix B: Evaluation/Reevaluation of Level of Care

Quality Improvement: Level of Care

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

a. Methods for Discovery: Level of Care Assurance/Sub-assurances

The state demonstrates that it implements the processes and instrument(s) specified in its approved waiver for evaluating/reevaluating an applicant’s/waiver participant's level of care consistent with level of care provided in a hospital, NF or ICF/IID.

i. Sub-Assurances:
   a. Sub-assurance: An evaluation for LOC is provided to all applicants for whom there is reasonable indication that services may be needed in the future.

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:
The number and percent of new waiver applicants who had a LOC determination that indicated a need for institutional LOC prior to waiver enrollment. N = the number of new waiver applicants who met LOC prior to waiver enrollment; D = the total number of new applicants who enrolled.

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

DHHS will review the LOC assessment. The LOC assessment is part of the Phoenix Data System which ensures that only the approved instrument is used for all LOC assessments and re-evaluations. Phoenix will not allow entry into the waiver without a LOC assessment completed within 30 days.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

DHHS will identify untimely LOC assessments through the initial review during enrollment. Based on the findings discovered, the provider is required to update the LOC prior to participant enrollment. If corrections need to be made, the DHHS Waiver Administrator will offer technical assistance/training. The QA Audit Tool is used to document these findings.

ii. Remediation Data Aggregation

c. **Timelines**

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Level of Care that are currently non-operational.

- **No**
- **Yes**

Please provide a detailed strategy for assuring Level of Care, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

---

**Appendix B: Participant Access and Eligibility**

**B-7: Freedom of Choice**

*Freedom of Choice.* As provided in 42 CFR §441.302(d), when an individual is determined to be likely to require a level of care for this waiver, the individual or his or her legal representative is:

1. **informed of any feasible alternatives under the waiver; and**
2. **given the choice of either institutional or home and community-based services.**

**a. Procedures.** Specify the State's procedures for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver and allowing these individuals to choose either institutional or waiver services. Identify the form(s) that are employed to document freedom of choice. The form or forms are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

- The care coordinator discusses long term care options with the waiver participant's Responsible Party (RP).
- Prior to waiver enrollment, a Freedom of Choice (FOC) form is secured from each participant's RP to ensure that the RP is involved in planning the waiver participant's long term care. This choice will remain in effect until such time as the RP changes his/her mind.

**b. Maintenance of Forms.** Per 45 CFR §92.42, written copies or electronically retrievable facsimiles of Freedom of Choice forms are maintained for a minimum of three years. Specify the locations where copies of these forms are maintained.

- The waiver participant Freedom of Choice (FOC) form is maintained indefinitely in the Phoenix Database System.

---

**Appendix B: Participant Access and Eligibility**

**B-8: Access to Services by Limited English Proficiency Persons**

*Access to Services by Limited English Proficient Persons.* Specify the methods that the State uses to provide meaningful access to the waiver by Limited English Proficient persons in accordance with the Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003):

DHHS is in compliance with Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons by using Telelanguage, Inc. for all interpretation and translation services. Telelanguage will provide over-the-phone interpretation, face-to-face interpretation, document translation and face-to-face sign language interpretation.

Care Coordinators have access to the appropriate Telelanguage codes available to them for use on monthly phone calls and during quarterly home visits.
Appendix C: Participant Services

C-1: Summary of Services Covered (1 of 2)

a. Waiver Services Summary. List the services that are furnished under the waiver in the following table. If case management is not a service under the waiver, complete items C-1-b and C-1-c:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Appendix C: Participant Services

C-1/C-3: Service Specification

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Service Type:
- Statutory Service

Service:
- Case Management

Alternate Service Title (if any):
- Care Coordination

HCBS Taxonomy:

Category 1: Sub-Category 1:
- 01 Case Management
- 01010 case management

Category 2: Sub-Category 2:
- 

Category 3: Sub-Category 3:
- 

Category 4: Sub-Category 4:
- 

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:
- Service is included in approved waiver. There is no change in service specifications.
- Service is included in approved waiver. The service specifications have been modified.
- Service is not included in the approved waiver.

Service Definition (Scope):
Care Coordination is to assist participants in facilitating access to health services; promoting continuity of care; improving health, developmental, psychosocial and functional outcomes; maximizing efficient and effective use of resources; gaining access to skilled medical monitoring, and intervention to maintain the participant through home support. This service can only be performed by a RN.
Specify applicable (if any) limits on the amount, frequency, or duration of this service:
Face-to-face - quarterly
Telephone contact - monthly

Service Delivery Method (check each that applies):

☐ Participant-directed as specified in Appendix E
☐ Provider managed

Specify whether the service may be provided by (check each that applies):
☐ Legally Responsible Person
☐ Relative
☐ Legal Guardian

Appendix C: Participant Services
C-1/C-3: Provider Specifications for Service

Service Type: Statutory Service
Service Name: Care Coordination

Provider Category:
Agency

Provider Type:
Care Coordination Services Organization (CSO)

Provider Qualifications

License (specify):

Certificate (specify):

Other Standard (specify):
Providers performing care coordination must be able to coordinate both long term care and acute care services for these children to ensure fully integrated care to prevent overlap of services and fully manage the needs of this population. All Care Coordination Service Organizations (CSO) must have the following:

1. Three years experience with medically complex children.
2. The ability to interface with DHHS quality management, billing processes, and Phoenix software capability for treatment plan development.
3. Care Coordinator, who is a licensed Registered Nurse and has a minimum of three years experience with medically complex children.
4. Enrolled and contracted with DHHS as a qualified provider.

Verification of Provider Qualifications

Entity Responsible for Verification:
Medicaid Agency

Frequency of Verification:
Upon Enrollment and at least once every 18 months.

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:

- Service is included in approved waiver. There is no change in service specifications.
- Service is included in approved waiver. The service specifications have been modified.
- Service is not included in the approved waiver.

Service Definition (Scope):

Skilled and unskilled respite services provided to participants unable to care for themselves and furnished on a short-term basis because of the absence or need for relief of those persons who normally provide care for the participant. Skilled respite services will be offered to those children needing skilled care under signed physician orders. Either a RN or LPN may provide this service such as, checking vitals, administering medication and medical supervision. Unskilled respite services will be offered to those children with only unskilled care (ADL’s and IADL’s) needs.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:
Respite may be provided up to 12 hours per month.

Service Delivery Method (check each that applies):

- Participant-directed as specified in Appendix E
- Provider managed
Specify whether the service may be provided by (check each that applies):

- Legally Responsible Person
- Relative

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

Service Title:
Pediatric Medical Day Care

HCBS Taxonomy:

Category 1:  Sub-Category 1:

17 Other Services  17990 other

Category 2:  Sub-Category 2:

Sub-Category 3:

Sub-Category 4:

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one:

- Service is included in approved waiver. There is no change in service specifications.
- Service is included in approved waiver. The service specifications have been modified.
- Service is not included in the approved waiver.

Service Definition (Scope):

Services furnished on an hourly basis, or as specified in the service plan, in a licensed, integrated, community based setting, encompassing both health and social services needed to ensure the optimal functioning of the participant. Meals provided as a part of these services shall not constitute a “full nutritional regimen” (3 meals per day).

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Services are limited to children ages 0-6.

Up to 45 hours per week.

Service Delivery Method (check each that applies):
Appendix C: Participant Services

C-1: Summary of Services Covered (2 of 2)

b. Provision of Case Management Services to Waiver Participants. Indicate how case management is furnished to waiver participants (select one):

- [ ] Not applicable - Case management is not furnished as a distinct activity to waiver participants.
- [x] Applicable - Case management is furnished as a distinct activity to waiver participants.

Check each that applies:

- As a waiver service defined in Appendix C-3. Do not complete item C-1-c.
- As a Medicaid State plan service under §1915(i) of the Act (HCBS as a State Plan Option). Complete item C-1-c.
- As a Medicaid State plan service under §1915(g)(1) of the Act (Targeted Case Management). Complete item C-1-c.
- As an administrative activity. Complete item C-1-c.

Specify whether the service may be provided by (check each that applies):

- [ ] Legally Responsible Person
- [ ] Relative
- [ ] Legal Guardian

Provider Specifications:

</tbody>
</table>

Appendix C: Participant Services

C-1/C-3: Provider Specifications for Service

Service Type: Other Service
Service Name: Pediatric Medical Day Care

Provider Category:

- [x] Agency

Provider Type:

- Pediatric Medical Day Care

Provider Qualifications

License (specify):
Code Sections 43-1-80 and 20-7-2980 et. seq.

Certificate (specify):

Other Standard (specify):
Enrolled and contracted with DHHS as a qualified provider.

Verification of Provider Qualifications

Entity Responsible for Verification:
Department of Social Services (DSS), Department of Health and Environmental Control (DHEC) and Medicaid Agency.

Frequency of Verification:
Upon enrollment and at least once every 18 months
c. **Delivery of Case Management Services.** Specify the entity or entities that conduct case management functions on behalf of waiver participants:

- [ ]

**Appendix C: Participant Services**

**C-2: General Service Specifications (1 of 3)**

a. **Criminal History and/or Background Investigations.** Specify the State's policies concerning the conduct of criminal history and/or background investigations of individuals who provide waiver services (select one):

- [ ] No. Criminal history and/or background investigations are not required.
- [ ] Yes. Criminal history and/or background investigations are required.

Specify: (a) the types of positions (e.g., personal assistants, attendants) for which such investigations must be conducted; (b) the scope of such investigations (e.g., state, national); and, (c) the process for ensuring that mandatory investigations have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid or the operating agency (if applicable):

DHHS provider contracts require credential and background checks be verified for the following provider types: care coordination, pediatric medical day care, and respite. These background checks are State level investigations conducted by the South Carolina State Law Enforcement Division for each provider's direct care staff.

Providers are required to undergo criminal history and background checks prior to becoming an enrolled Medicaid provider. Currently, the State does not require the provider to undergo background checks in intervals of employment.

b. **Abuse Registry Screening.** Specify whether the State requires the screening of individuals who provide waiver services through a State-maintained abuse registry (select one):

- [ ] No. The State does not conduct abuse registry screening.
- [ ] Yes. The State maintains an abuse registry and requires the screening of individuals through this registry.

Specify: (a) the entity (entities) responsible for maintaining the abuse registry; (b) the types of positions for which abuse registry screenings must be conducted; and, (c) the process for ensuring that mandatory screenings have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

The South Carolina Department of Social Services (DSS), as mandated by the South Carolina Code of Laws, maintains a registry which captures persons who have been convicted of abusing children under the age of 18. Abuse registry screenings must be conducted by agency providers on all direct care staff who provide care coordination, pediatric medical day care and in-home respite services. To ensure mandatory screenings have been conducted, DHHS provider compliance staff review provider personnel records to ensure screenings have been conducted.

Providers are required to undergo abuse registry screenings prior to becoming an enrolled Medicaid provider. Currently, the State does not require the provider to undergo abuse registry screenings in intervals of employment.
c. Services in Facilities Subject to §1616(e) of the Social Security Act. Select one:

- No. Home and community-based services under this waiver are not provided in facilities subject to §1616 (e) of the Act.
- Yes. Home and community-based services are provided in facilities subject to §1616(e) of the Act. The standards that apply to each type of facility where waiver services are provided are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Appendix C: Participant Services

C-2: General Service Specifications (3 of 3)

d. Provision of Personal Care or Similar Services by Legally Responsible Individuals. A legally responsible individual is any person who has a duty under State law to care for another person and typically includes: (a) the parent (biological or adoptive) of a minor child or the guardian of a minor child who must provide care to the child or (b) a spouse of a waiver participant. Except at the option of the State and under extraordinary circumstances specified by the State, payment may not be made to a legally responsible individual for the provision of personal care or similar services that the legally responsible individual would ordinarily perform or be responsible to perform on behalf of a waiver participant. Select one:

- No. The State does not make payment to legally responsible individuals for furnishing personal care or similar services.
- Yes. The State makes payment to legally responsible individuals for furnishing personal care or similar services when they are qualified to provide the services.

Specify: (a) the legally responsible individuals who may be paid to furnish such services and the services they may provide; (b) State policies that specify the circumstances when payment may be authorized for the provision of extraordinary care by a legally responsible individual and how the State ensures that the provision of services by a legally responsible individual is in the best interest of the participant; and, (c) the controls that are employed to ensure that payments are made only for services rendered. Also, specify in Appendix C-1/C-3 the personal care or similar services for which payment may be made to legally responsible individuals under the State policies specified here.

e. Other State Policies Concerning Payment for Waiver Services Furnished by Relatives/Legal Guardians. Specify State policies concerning making payment to relatives/legal guardians for the provision of waiver services over and above the policies addressed in Item C-2-d. Select one:

- The State does not make payment to relatives/legal guardians for furnishing waiver services.
- The State makes payment to relatives/legal guardians under specific circumstances and only when the relative/guardian is qualified to furnish services.

Specify the specific circumstances under which payment is made, the types of relatives/legal guardians to whom payment may be made, and the services for which payment may be made. Specify the controls that are employed to ensure that payments are made only for services rendered. Also, specify in Appendix C-1/C-3 each waiver service for which payment may be made to relatives/legal guardians.

- Relatives/legal guardians may be paid for providing waiver services whenever the relative/legal guardian is qualified to provide services as specified in Appendix C-1/C-3.

Specify the controls that are employed to ensure that payments are made only for services rendered.
Other policy.

Specify:

Reimbursement for services may be made to certain family members who meet South Carolina Medicaid provider qualifications. The following family members may not be reimbursed:
1) the spouse of a Medicaid participant;
2) a parent of a minor Medicaid participant;
3) a step-parent of a minor Medicaid participant;
4) a foster parent of a minor Medicaid participant; and
5) any other legally responsible guardian of a Medicaid participant.

In addition, family members who are primary caregivers will not be reimbursed for their provision of the services listed above. All other qualified family members may be reimbursed for their provision of the services listed above. Should there be any questions as to whether a paid caregiver falls in any of the five categories listed above, DHHS legal counsel will make a determination. South Carolina monitors the provision of services through a phone monitoring system (CARE CALL) linked directly to the service authorization in place for anyone receiving services to verify that payments are only made for services that are rendered to the participant.

f. Open Enrollment of Providers. Specify the processes that are employed to assure that all willing and qualified providers have the opportunity to enroll as waiver service providers as provided in 42 CFR §431.51:

Potential providers are given the opportunity to enroll/contract with the SCDHHS. Potential providers are made aware of the requirements for enrollment through: 1) The agency's website and 2) contacting the Medicaid agency directly. Potential providers are given a packet of information that is used in the enrollment process. Some services specified in this waiver require pre-contractual review and signed contract for enrollment as a provider.

Appendix C: Participant Services

Quality Improvement: Qualified Providers

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

a. Methods for Discovery: Qualified Providers

The state demonstrates that it has designed and implemented an adequate system for assuring that all waiver services are provided by qualified providers.

i. Sub-Assurances:
   a. Sub-Assurance: The State verifies that providers initially and continually meet required licensure and/or certification standards and adhere to other standards prior to their furnishing waiver services.

   Performance Measures

   For each performance measure the State will use to assess compliance with the statutory assurance, complete the following. Where possible, include numerator/denominator.

   For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

   Performance Measure:
Number and percent of new providers who meet licensure, standards, and/or qualifications prior to the delivery of services. N = number of new providers who meet licensure, standards and/or other qualifications; D = total number of providers who applied.

Data Source (Select one):
Other
If 'Other' is selected, specify:

Continuous and Ongoing
ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems
   i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.
   The State (DHHS) retains full operational and administrative authority of this waiver. DHHS contracts with providers to perform waiver functions. Providers are responsible for implementing corrective actions as instructed by the DHHS Waiver Administrator. DHHS uses the Phoenix Case Management System to track multiple participant and provider activities including enrollments, LOC Assessments, service plans, monthly and quarterly contacts and complaints.

ii. Remediation Data Aggregation
   Remediation-related Data Aggregation and Analysis (including trend identification)

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Qualified Providers that are currently non-operational.

- No
- Yes

Please provide a detailed strategy for assuring Qualified Providers, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix C: Participant Services

C-3: Waiver Services Specifications

Section C-3 'Service Specifications' is incorporated into Section C-1 'Waiver Services.'

Appendix C: Participant Services

C-4: Additional Limits on Amount of Waiver Services

a. Additional Limits on Amount of Waiver Services. Indicate whether the waiver employs any of the following additional limits on the amount of waiver services (select one).

- Not applicable - The State does not impose a limit on the amount of waiver services except as provided in Appendix C-3.
- Applicable - The State imposes additional limits on the amount of waiver services.

When a limit is employed, specify: (a) the waiver services to which the limit applies; (b) the basis of the limit, including its basis in historical expenditure/utilization patterns and, as applicable, the processes and methodologies that are used to determine the amount of the limit to which a participant's services are subject; (c) how the limit will be adjusted over the course of the waiver period; (d) provisions for adjusting or making exceptions to the limit based on participant health and welfare needs or other factors specified by the state; (e) the safeguards that are in effect when the amount of the limit is insufficient to meet a participant's needs; (f) how participants are notified of the amount of the limit. (check each that applies)

- Limit(s) on Set(s) of Services. There is a limit on the maximum dollar amount of waiver services that is authorized for one or more sets of services offered under the waiver.
  
  Furnish the information specified above.

- Prospective Individual Budget Amount. There is a limit on the maximum dollar amount of waiver services authorized for each specific participant.
  
  Furnish the information specified above.
Budget Limits by Level of Support. Based on an assessment process and/or other factors, participants are assigned to funding levels that are limits on the maximum dollar amount of waiver services. *Furnish the information specified above.*

Other Type of Limit. The State employs another type of limit. *Describe the limit and furnish the information specified above.*

Appendix C: Participant Services

C-5: Home and Community-Based Settings

Explain how residential and non-residential settings in this waiver comply with federal HCB Settings requirements at 42 CFR 441.301(c)(4)-(5) and associated CMS guidance. Include:

1. Description of the settings and how they meet federal HCB Settings requirements, at the time of submission and in the future.

2. Description of the means by which the state Medicaid agency ascertains that all waiver settings meet federal HCB Setting requirements, at the time of this submission and ongoing.

*Note instructions at Module 1, Attachment #2, HCB Settings Waiver Transition Plan for description of settings that do not meet requirements at the time of submission. Do not duplicate that information here.*

The MCC waiver offers services to be provided in the home or in a community setting.

Children may receive MCC services in the home if the parent/legal guardian chooses this type of setting. The HCB regulation allows states to presume a waiver participant’s home meets the requirements of HCB settings; therefore, an assessment for compliance with the HCB settings requirements would not be necessary.

Pediatric Medical Day Care is a medical day treatment program that provides health and social services needed to ensure the optimal functioning of children with medically complex needs. Children may receive the MCC service of Pediatric Medical Day Care in a licensed child care center setting if the child is assessed for this service and is indicated in their person-centered service plan. There is only one setting in the state of South Carolina.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (1 of 8)

State Participant-Centered Service Plan Title:

Service Plan

a. **Responsibility for Service Plan Development.** Per 42 CFR §441.301(b)(2), specify who is responsible for the development of the service plan and the qualifications of these individuals (select each that applies):

- [ ] Registered nurse, licensed to practice in the State
- [ ] Licensed practical or vocational nurse, acting within the scope of practice under State law
- [ ] Licensed physician (M.D. or D.O)
- [ ] Case Manager (qualifications specified in Appendix C-1/C-3)
- [ ] Case Manager (qualifications not specified in Appendix C-1/C-3).

*Specify qualifications:*
b. Service Plan Development Safeguards. Select one:
   - Entities and/or individuals that have responsibility for service plan development may not provide other
direct waiver services to the participant.
   - Entities and/or individuals that have responsibility for service plan development may provide other direct
waiver services to the participant.
   The State has established the following safeguards to ensure that service plan development is conducted in the
best interests of the participant. Specify:

Appendix D: Participant-Centered Planning and Service Delivery
D-1: Service Plan Development (3 of 8)

c. Supporting the Participant in Service Plan Development. Specify: (a) the supports and information that are made
available to the participant (and/or family or legal representative, as appropriate) to direct and be actively engaged in
the service plan development process and (b) the participant's authority to determine who is included in the process.

The person-centered service plan (PCSP) is developed through a person-centered planning process. The individual
will lead the person centered planning process whenever possible. The individual's legal guardian/representative will
have a participatory role as needed. The PCSP is developed by a qualified Medicaid provider. Each participant is
offered the choice of qualified providers initially and annually thereafter, and may freely change qualified providers
upon request throughout the year. Waiver RN Care Coordinators currently avoid case management conflict by
ensuring participants receive a full complete list of all State Medicaid Providers.

The RP is provided information about available waiver services along with the service provider choice form of
available qualified providers. The RP is involved in the service planning and implementation process and may also
include other person(s) of their choice in this process. The service plan agreement is signed by the RP.

Appendix D: Participant-Centered Planning and Service Delivery
D-1: Service Plan Development (4 of 8)
d. Service Plan Development Process. In four pages or less, describe the process that is used to develop the participant-
centered service plan, including: (a) who develops the plan, who participates in the process, and the timing of the plan;
(b) the types of assessments that are conducted to support the service plan development process, including securing
information about participant needs, preferences and goals, and health status; (c) how the participant is informed of the services that are available under the waiver; (d) how the plan development process ensures that the service plan addresses participant goals, needs (including health care needs), and preferences; (e) how waiver and other services are coordinated; (f) how the plan development process provides for the assignment of responsibilities to implement and monitor the plan; and, (g) how and when the plan is updated, including when the participant's needs change. State laws, regulations, and policies cited that affect the service plan development process are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

Service planning encompasses a comprehensive review of the waiver participant's needs and strengths. Goals are set based on the waiver participant's identified needs. This service planning process allows for participation of the waiver participant and/or RP, physician, service providers, and case management team. Service planning provides the involved persons with information necessary to make an informed choice regarding the location of care and services to be utilized.

Service planning includes service coordination with other involved agencies, i.e., home health, case management hierarchy agencies, etc., to ensure all services are considered in the development of the service plan.

Completion and implementation of the service plan is a function of the RN care coordinator.

Development of the Service Plan:

The Service Plan is developed by the RN care coordinator from the assessment information, information obtained from the medical records and/or providers, input from the participant, RP, and/or knowledgeable others, and agencies providing services to the participant.

All payment sources, where appropriate, should be considered prior to using Medicaid services (including waiver services) in the Service Plan.

Each Service Plan should be individualized for a particular participant and completed so that a service professional unfamiliar with the participant can have, by reading the plan, a clear picture of what is being done for the participant.

Service Plan Components:

There are multiple components identified on the Service Plan. These components have applicable information which can be identified through the assessment instrument as follows:

I. Medical
II. Skin/Nutrition
III. Activities of Daily Living (ADL)
IV. Instrumental Activities of Daily Living (IADL)
V. Psychosocial
VI. Caregivers
VII. Home Assessment

Needs:

In order to develop a plan for intervention, a need must be identified in the assessment. When the service plan is created, only needs identified in the assessment can be included as a need(s) in the service plan. The needs listed on the Service Plan should be those needs with which the staff, and participant or responsible party are actively working. Each listed need should have corresponding goals and interventions.

When the RN care coordinator identifies services that are needed but unavailable, they should be included in the Service Plan as a need and identified as an unmet need under the intervention. The Service Plan must address all areas in which the participant requires at least limited/moderate assistance.

Planned Intervention

Once a goal has been established, an intervention should be selected to reach the goal.
Service Plan Evaluation

After the service plan is completed and implemented, it must be evaluated. A formal evaluation by a RN care coordinator includes a review of the previously set goals to determine if they have been met. This review should determine if the stated need is still an issue, if the activities to be implemented were carried out, and if the activities to be implemented are still appropriate.

A formal service plan evaluation by RN care coordinator must be completed at least annually or more often as needed.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (5 of 8)

e. **Risk Assessment and Mitigation.** Specify how potential risks to the participant are assessed during the service plan development process and how strategies to mitigate risk are incorporated into the service plan, subject to participant needs and preferences. In addition, describe how the service plan development process addresses backup plans and the arrangements that are used for backup.

Participants’ needs, including potential risks associated with their situations, are assessed and aimed at minimizing risks as addressed in the plan and during the annual plan process by helping an individual/legal guardian/caregiver view ways to be safe and within the choices made. The service plan includes a section for a description of the plan to be implemented during an emergency or natural disaster and a description for how care will be provided in the unexpected absence of a caregiver/supporter.

A standardized assessment tool is used for all waiver participants. This tool assesses the person's current situation, health and safety risk factors, and his/her personal preferences. The plan of service document includes sections that outline the responsibilities of the waiver participant, family, legal guardian and/or representative, and the responsibilities of the RN care coordinator. The qualified provider conducts training with staff annually to review proper reporting procedures for abuse, neglect, exploitation, and unexplained deaths.

Additionally, RN care coordinators will encourage parents/legal guardians/responsible parties to make back-up plans for emergencies when they take vacations or are away from home for extended periods of time.

f. **Informed Choice of Providers.** Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

RPs are given a list of providers with phone numbers, who serve in the area in which they reside. RPs are encouraged to phone providers with questions, ask friends about their experiences with providers, and utilize other information sources in order to select a provider. In no case will RN care coordinators choose a provider for a waiver participant or RP.

Participants/family/legal guardians are encouraged to ask friends and peers about provider websites, and other resources of information to assist them in choosing a provider. Additionally, participants/family/legal guardians are supported in choosing qualified providers by being encouraged to contact support and advocacy groups. Participants, families, legal guardians and/or representatives may request a list of providers of specified waiver services when service needs change, or when a change is requested, or when selection of another provider is needed. Participants/families/legal guardians and/or representatives can contact their RN care coordinator with questions about available providers and/or check the below websites for the most current listing of qualified providers in South Carolina.

Appendix D: Participant-Centered Planning and Service Delivery

https://wms-mmdl.cdsvdc.com/WMS/faces/protected/35/print/PrintSelector.jsp
Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (8 of 8)

h. Service Plan Review and Update. The service plan is subject to at least annual periodic review and update to assess the appropriateness and adequacy of the services as participant needs change. Specify the minimum schedule for the review and update of the service plan:

- Every three months or more frequently when necessary
- Every six months or more frequently when necessary
- Every twelve months or more frequently when necessary
- Other schedule

Specify the other schedule:

at least every 365 days from the previous plan date.

i. Maintenance of Service Plan Forms. Written copies or electronic facsimiles of service plans are maintained for a minimum period of 3 years as required by 45 CFR §92.42. Service plans are maintained by the following (check each that applies):

- Medicaid agency
- Operating agency
- Case manager
- Other

Specify:

Appendix D: Participant-Centered Planning and Service Delivery

D-2: Service Plan Implementation and Monitoring

a. Service Plan Implementation and Monitoring. Specify: (a) the entity (entities) responsible for monitoring the implementation of the service plan and participant health and welfare; (b) the monitoring and follow-up method(s) that are used; and, (c) the frequency with which monitoring is performed.

Care Coordinators monitor the service plan on a monthly basis. This is performed by monthly phone calls and quarterly face to face visits. This monitoring also includes obtaining information about the waiver participant's health, safety and welfare, as well as information about service delivery and appropriateness of interventions.

b. Monitoring Safeguards. Select one:

- Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may not provide other direct waiver services to the participant.
- Entities and/or individuals that have responsibility to monitor service plan implementation and participant health and welfare may provide other direct waiver services to the participant.

The State has established the following safeguards to ensure that monitoring is conducted in the best interests of the participant. Specify:
Appendix D: Participant-Centered Planning and Service Delivery

Quality Improvement: Service Plan

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

a. Methods for Discovery: Service Plan Assurance/Sub-assurances

The state demonstrates it has designed and implemented an effective system for reviewing the adequacy of service plans for waiver participants.

i. Sub-Assurances:
   a. Sub-assurance: Service plans address all participants’ assessed needs (including health and safety risk factors) and personal goals, either by the provision of waiver services or through other means.

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:
Number and percent of participant plans that include services consistent with needs identified in the assessment. N = Plans that include needs identified on the assessment; D = the total # of Plans reviewed.

Data Source (Select one):

### e. Sub-assurance: Participants are afforded choice: Between waiver services and institutional care; and between/among waiver services and providers.

**Performance Measures**

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

**Performance Measure:**
The number and percent of participants/responsible parties who were offered choice among services and qualified providers. N = # of provider choice forms offered; D = total # of case files reviewed

**Data Source** (Select one):
- **Other**
  - If 'Other' is selected, specify:

- **Monthly**
- **Quarterly**
- **Annually**

**Sampling Approach (check each that applies):**
- **100% Review**
- **Less than 100% Review**
- **Representative Sample**
  - Confidence Interval = +/- 5%
- **Stratified**
  - Describe Group:
b. **Methods for Remediation/Fixing Individual Problems**

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

The State's Phoenix data System links the LOC assessment to the person centered plan of service. This ensures that all identified needs in the LOC assessment are addressed in the person centered plan.

The Phoenix Case Management System requires service authorizations to indicate the type, amount, duration, scope and frequency of services.

Additionally, the Care Call automated monitoring system and mobile application with a GPS tracking system allows for real-time monitoring and verification of the providers delivering services.

### Data Aggregation and Analysis:

</tr>
</tbody>
</table>

b. **Methods for Remediation/Fixing Individual Problems**

i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items.

When DHHS identifies problems, the provider agency being reviewed is required to submit a plan of correction to address the issues discovered. If additional technical assistance is needed, the DHHS Waiver Administrator will assist.

Depending on the findings, remedial actions may include provider training or recoupment of Federal Financial Participation (FFP).
ii. Remediation Data Aggregation

c. Timelines

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Service Plans that are currently non-operational.

- ☐ No
- ☑ Yes

Please provide a detailed strategy for assuring Service Plans, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

---

Appendix E: Participant Direction of Services

Applicability (from Application Section 3, Components of the Waiver Request):

- ☑ Yes. This waiver provides participant direction opportunities. Complete the remainder of the Appendix.
- ☐ No. This waiver does not provide participant direction opportunities. Do not complete the remainder of the Appendix.

CMS urges states to afford all waiver participants the opportunity to direct their services. Participant direction of services includes the participant exercising decision-making authority over workers who provide services, a participant-managed budget or both. CMS will confer the Independence Plus designation when the waiver evidences a strong commitment to participant direction.

Indicate whether Independence Plus designation is requested (select one):

- ☑ Yes. The State requests that this waiver be considered for Independence Plus designation.
- ☐ No. Independence Plus designation is not requested.

Appendix F: Participant Rights

Appendix F-1: Opportunity to Request a Fair Hearing

The State provides an opportunity to request a Fair Hearing under 42 CFR Part 431, Subpart E to individuals: (a) who are not given the choice of home and community-based services as an alternative to the institutional care specified in Item 1-F of the request; (b) are denied the service(s) of their choice or the provider(s) of their choice; or, (c) whose services are denied, suspended, reduced or terminated. The State provides notice of action as required in 42 CFR §431.210.

Procedures for Offering Opportunity to Request a Fair Hearing. Describe how the individual (or his/her legal representative) is informed of the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E. Specify the notice(s) that are used to offer individuals the opportunity to request a Fair Hearing. State laws, regulations, policies and notices referenced in the description are available to CMS upon request through the operating or Medicaid agency.

Any waiver participant/RP or designated representative has the right to request an appeal of a decision that adversely affects his/her eligibility status and/or receipt of services. Waiver participants/RP or designated representative are informed of this decision in writing when an adverse decision is made. The formal process of review and adjudication of DHHS actions/determinations is done under the authority of Section 1-23-310 et. seq., Code of Laws, State of South Carolina, 1976, as amended, and the Department of Health and Human Services regulations Section 126-150, et.seq.

The State does not offer a toll number, but provides a written notice with instructions on how to file an appeal of an adverse decision.

The waiver participant/RP or designated representative must submit a request for an appeal within 30 days of the date of the official written notification issued by DHHS. If the waiver participant/RP or designated representative wants to continue services pending the appeal, the RP must submit a request within the first 10 days of the appeal period.

Information regarding the waiver participant's right to appeal and instructions for initiating an appeal are printed on the Adverse Notification form. Also included on this form is the information on requesting continuing services until the outcome of the hearing. In addition, waiver participant's/RP may file an appeal electronically at www.scdhhs.gov/appeals.

Once an appeal has been arranged, the appeals examiner will notify the waiver participant/RP or designated representative of the date, time, and location of the hearing via written notice.

Appendix F: Participant-Rights

Appendix F-2: Additional Dispute Resolution Process

a. Availability of Additional Dispute Resolution Process. Indicate whether the State operates another dispute resolution process that offers participants the opportunity to appeal decisions that adversely affect their services while preserving their right to a Fair Hearing. Select one:

- No. This Appendix does not apply
- Yes. The State operates an additional dispute resolution process

b. Description of Additional Dispute Resolution Process. Describe the additional dispute resolution process, including: (a) the State agency that operates the process; (b) the nature of the process (i.e., procedures and timeframes), including the types of disputes addressed through the process; and, (c) how the right to a Medicaid Fair Hearing is preserved when a participant elects to make use of the process: State laws, regulations, and policies referenced in the description are available to CMS upon request through the operating or Medicaid agency.
Appendix F: State Grievance/Complaint System

a. Operation of Grievance/Complaint System. Select one:

- No. This Appendix does not apply
- Yes. The State operates a grievance/complaint system that affords participants the opportunity to register grievances or complaints concerning the provision of services under this waiver

b. Operational Responsibility. Specify the State agency that is responsible for the operation of the grievance/complaint system:

The State Medicaid agency operates the Complaint/Grievance System.

c. Description of System. Describe the grievance/complaint system, including: (a) the types of grievances/complaints that participants may register; (b) the process and timelines for addressing grievances/complaints; and, (c) the mechanisms that are used to resolve grievances/complaints. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Complaints are taken at the DHHS central office. Waiver participant/RP are notified of their right to complain/grieve through a Participants Rights and Responsibilities statement reviewed and signed at the initial visit. When a waiver participant/RP elects to file a grievance or make a complaint, the waiver participant/RP is informed that doing so is not a prerequisite or substitute for a Fair Hearing.

Types of complaints taken include complaints against providers; complaints about reduction or termination of services; complaints regarding unmet needs; complaints regarding the waiting list; allegations of abuse; and any other complaint about services received under the waiver.

The RN care coordinator receiving the complaint fills out the complaint section in the Phoenix System, initiates action to address the complaint and tries to reach resolution. Complaint section is sent electronically to the quality assurance (QA) department, provider compliance department, and waiver staff. The complaints will be resolved within the month of receipt. Pending actions and complaint data are tracked and compiled by the Phoenix data system.

Actions taken to resolve complaints may include contact with provider, referrals to supervisors and/or referral to child protective agencies. In addition to the above, the State Medicaid agency has a mechanism for receiving complaints through their website. These complaints are directed to the correct division for attention and resolution.

Appendix G: Participant Safeguards

Appendix G-1: Response to Critical Events or Incidents

a. Critical Event or Incident Reporting and Management Process. Indicate whether the State operates Critical Event or Incident Reporting and Management Process that enables the State to collect information on sentinel events occurring in the waiver program. Select one:

- Yes. The State operates a Critical Event or Incident Reporting and Management Process (complete Items b through e)
- No. This Appendix does not apply (do not complete Items b through e)

If the State does not operate a Critical Event or Incident Reporting and Management Process, describe the process that the State uses to elicit information on the health and welfare of individuals served through the program.

b. State Critical Event or Incident Reporting Requirements. Specify the types of critical events or incidents (including alleged abuse, neglect and exploitation) that the State requires to be reported for review and follow-up action by an appropriate authority, the individuals and/or entities that are required to report such events and incidents and the timelines for reporting. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The South Carolina Child Protection Reform Act as specified SC Code Ann. 63-7-10 et seq. requires reporting of
abuse, neglect and exploitation to those state agencies having statutory authority to receive reports and investigate allegations of suspected abuse, neglect or exploitation. These agencies include Child Protective Services - South Carolina Department of Social Services (SCDSS), and local and state law enforcement agencies. These reports can be made by phone or written form. All verbal reports shall subsequently be submitted in writing. These incidents are defined as physical abuse, emotional, mental or psychological abuse, verbal, threatened or sexual abuse, neglect, and physical and financial exploitation. Mandatory reporters have a duty to report if they have information, facts or evidence that would lead a reasonable person to believe that a child has been or is at risk for abuse, neglect or exploitation. Mandated reporters include medical personnel, physicians, nurses, professional staff, employees, and volunteers or contract provider agencies having a legal responsibility under state law to report suspected abuse, neglect, or exploitation to state investigative agencies. Mandated reporters must make the report within 24 hours or the next business day after discovery of the abuse, neglect or exploitation.

The less critical events are documented in the narrative section and Inbox section of the Phoenix system (events that do not warrant a referral to SCDSS for follow-up services).

d. **Responsibility for Review of and Response to Critical Events or Incidents.** Specify the entity (or entities) that receives reports of critical events or incidents specified in item G-1-a, the methods that are employed to evaluate such reports, and the processes and time-frames for responding to critical events or incidents, including conducting investigations.

When there is reason to believe that a waiver participant has been abused, neglected, or exploited, in the home or other community setting, employees and other mandated reporters have a duty to report according to established procedures and state law. DSS is the mandated agency to investigate suspected abuse, neglect, or exploitation in these settings. DHHS and its contracted provider agencies shall be available to provide information and assistance to DSS. Procedures have been established for DHHS to assist contract provider agencies in resolving issues with DSS regarding intake referrals and investigations. DSS will conduct a complete investigation and contact law enforcement if criminal violations are suspected. If the investigation is substantiated, notification is sent to appropriate agencies for required actions to be taken.

e. **Responsibility for Oversight of Critical Incidents and Events.** Identify the State agency (or agencies) responsible for overseeing the reporting of and response to critical incidents or events that affect waiver participants, how this oversight is conducted, and how frequently.

DSS Child Protective Services and local and state law enforcement are responsible for overseeing the reporting of and response to critical incidents. In addition to investigations by the State Ombudsman, DSS, and law enforcement, other agencies have jurisdiction to make inquiry into incidents of abuse, neglect, or exploitation and may conduct their own investigation. These agencies include:

**SLED/Child Fatalities Review Office:**

The Child Fatalities Review Office of the State Law Enforcement Division will investigate all deaths involving abuse, physical and sexual trauma as well as suspicious and questionable deaths of children. The State Child Fatalities Review Office will also review the involvement that various agencies may have had with the child prior to death.

**Protection and Advocacy for People with Disabilities, Inc.:**

Protection and Advocacy for People with Disabilities (P&A) has statutory authority to investigate abuse and neglect of people with disabilities.

The Care Services Organization will submit a report in the Phoenix Data System to the State Medicaid Agency of any critical events or incidents (e.g., medication errors, serious injuries that require medical intervention and/or result in hospitalization, or abuse/neglect).
Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions
(1 of 3)

a. Use of Restraints. (Select one): (For waiver actions submitted before March 2014, responses in Appendix G-2-a will display information for both restraints and seclusion. For most waiver actions submitted after March 2014, responses regarding seclusion appear in Appendix G-2-c.)

- The State does not permit or prohibits the use of restraints

  Specify the State agency (or agencies) responsible for detecting the unauthorized use of restraints and how this oversight is conducted and its frequency:

  DHHS does not permit the unauthorized use of restraints or seclusion for waiver participants. The CSO monitors monthly with waiver participant/RP on an ongoing basis to ensure there is no unauthorized use of restraints or seclusion in the provision of services.

- The use of restraints is permitted during the course of the delivery of waiver services. Complete Items G-2-a-i and G-2-a-ii.

  i. Safeguards Concerning the Use of Restraints. Specify the safeguards that the State has established concerning the use of each type of restraint (i.e., personal restraints, drugs used as restraints, mechanical restraints). State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

  ii. State Oversight Responsibility. Specify the State agency (or agencies) responsible for overseeing the use of restraints and ensuring that State safeguards concerning their use are followed and how such oversight is conducted and its frequency:

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions
(2 of 3)

b. Use of Restrictive Interventions. (Select one):

- The State does not permit or prohibits the use of restrictive interventions

  Specify the State agency (or agencies) responsible for detecting the unauthorized use of restrictive interventions and how this oversight is conducted and its frequency:

  DHHS is responsible for oversight of the CSO, who monitors the service plan, which includes asking the participant/representative about the unauthorized use of restrictive interventions.

- The use of restrictive interventions is permitted during the course of the delivery of waiver services. Complete Items G-2-b-i and G-2-b-ii.

  i. Safeguards Concerning the Use of Restrictive Interventions. Specify the safeguards that the State has in effect concerning the use of interventions that restrict participant movement, participant access to other individuals, locations or activities, restrict participant rights or employ aversive methods (not including restraints or seclusion) to modify behavior. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency.
ii. **State Oversight Responsibility.** Specify the State agency (or agencies) responsible for monitoring and overseeing the use of restrictive interventions and how this oversight is conducted and its frequency:

---

**Appendix G: Participant Safeguards**

**Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions**

(3 of 3)

c. **Use of Seclusion.** *(Select one):* *(This section will be blank for waivers submitted before Appendix G-2-c was added to WMS in March 2014, and responses for seclusion will display in Appendix G-2-a combined with information on restraints.)*

- **The State does not permit or prohibits the use of seclusion**
  
  Specify the State agency (or agencies) responsible for detecting the unauthorized use of seclusion and how this oversight is conducted and its frequency:

  DHHS does not permit the unauthorized use of seclusion for waiver participants. The CSO monitors monthly with waiver participant/RP on an ongoing basis to ensure there is no unauthorized use of seclusion in the provision of services.

- **The use of seclusion is permitted during the course of the delivery of waiver services.** Complete Items G-2-c-i and G-2-c-ii.
  
  i. **Safeguards Concerning the Use of Seclusion.** Specify the safeguards that the State has established concerning the use of each type of seclusion. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

  
  ii. **State Oversight Responsibility.** Specify the State agency (or agencies) responsible for overseeing the use of seclusion and ensuring that State safeguards concerning their use are followed and how such oversight is conducted and its frequency:

---

**Appendix G: Participant Safeguards**

**Appendix G-3: Medication Management and Administration**

(1 of 2)

This Appendix must be completed when waiver services are furnished to participants who are served in licensed or unlicensed living arrangements where a provider has round-the-clock responsibility for the health and welfare of residents. The Appendix does not need to be completed when waiver participants are served exclusively in their own personal residences or in the home of a family member.

a. **Applicability.** Select one:

- **No. This Appendix is not applicable** *(do not complete the remaining items)*
- **Yes. This Appendix applies** *(complete the remaining items)*

b. **Medication Management and Follow-Up**
i. **Responsibility.** Specify the entity (or entities) that have ongoing responsibility for monitoring participant medication regimens, the methods for conducting monitoring, and the frequency of monitoring.

ii. **Methods of State Oversight and Follow-Up.** Describe: (a) the method(s) that the State uses to ensure that participant medications are managed appropriately, including: (a) the identification of potentially harmful practices (e.g., the concurrent use of contraindicated medications); (b) the method(s) for following up on potentially harmful practices; and, (c) the State agency (or agencies) that is responsible for follow-up and oversight.

---

**Appendix G: Participant Safeguards**

**Appendix G-3: Medication Management and Administration (2 of 2)**

c. **Medication Administration by Waiver Providers**

*Answers provided in G-3-a indicate you do not need to complete this section*

i. **Provider Administration of Medications.** *Select one:*

- Not applicable. *(do not complete the remaining items)*
- Waiver providers are responsible for the administration of medications to waiver participants who cannot self-administer and/or have responsibility to oversee participant self-administration of medications. *(complete the remaining items)*

ii. **State Policy.** Summarize the State policies that apply to the administration of medications by waiver providers or waiver provider responsibilities when participants self-administer medications, including (if applicable) policies concerning medication administration by non-medical waiver provider personnel. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

---

iii. **Medication Error Reporting.** *Select one of the following:*

- Providers that are responsible for medication administration are required to both record and report medication errors to a State agency (or agencies).
  
  *Complete the following three items:*

  (a) Specify State agency (or agencies) to which errors are reported:

  

  (b) Specify the types of medication errors that providers are required to *record*:

  

  (c) Specify the types of medication errors that providers must *report* to the State:
Providers responsible for medication administration are required to record medication errors but make information about medication errors available only when requested by the State.

Specify the types of medication errors that providers are required to record:

iv. State Oversight Responsibility. Specify the State agency (or agencies) responsible for monitoring the performance of waiver providers in the administration of medications to waiver participants and how monitoring is performed and its frequency.

Appendix G: Participant Safeguards

Quality Improvement: Health and Welfare

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

The state demonstrates it has designed and implemented an effective system for assuring waiver participant health and welfare. (For waiver actions submitted before June 1, 2014, this assurance read "The State, on an ongoing basis, identifies, addresses, and seeks to prevent the occurrence of abuse, neglect and exploitation.")

i. Sub-Assurances:

a. Sub-assurance: The state demonstrates on an ongoing basis that it identifies, addresses and seeks to prevent instances of abuse, neglect, exploitation and unexplained death. (Performance measures in this sub-assurance include all Appendix G performance measures for waiver actions submitted before June 1, 2014.)

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:
Number and percent of incidents of reported abuse, neglect, and exploitation. N = # of incidents of MCC waiver ANE reported; D = total # of MCC Waiver participants.

### Sub-assurance: The state establishes overall health care standards and monitors those standards based on the responsibility of the service provider as stated in the approved waiver.

**Performance Measures**

*For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.*

*For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.*
ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems
i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items. As abuse, neglect, and exploitation are identified, action is taken to protect the health and welfare of the participant. The documentation regarding the ANE complaints is reviewed by DHHS. When appropriate action is taken by the appropriate parties (DSS, SLED, P&A, local law enforcement) and reported to DHHS, DHHS closes the ANE complaint in the Phoenix Case Management system.

ii. Remediation Data Aggregation

c. Timelines
When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Health and Welfare that are currently non-operational.

- No
- Yes
  Please provide a detailed strategy for assuring Health and Welfare, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix H: Quality Improvement Strategy (1 of 2)
Under §1915(c) of the Social Security Act and 42 CFR §441.302, the approval of an HCBS waiver requires that CMS determine that the State has made satisfactory assurances concerning the protection of participant health and welfare, financial accountability and other elements of waiver operations. Renewal of an existing waiver is contingent upon review by CMS and a finding by CMS that the assurances have been met. By completing the HCBS waiver application, the State specifies how it has designed the waiver’s critical processes, structures and operational features in order to meet these assurances.

- Quality Improvement is a critical operational feature that an organization employs to continually determine whether it operates in accordance with the approved design of its program, meets statutory and regulatory assurances and requirements, achieves desired outcomes, and identifies opportunities for improvement.

CMS recognizes that a state’s waiver Quality Improvement Strategy may vary depending on the nature of the waiver target population, the services offered, and the waiver’s relationship to other public programs, and will extend beyond regulatory requirements. However, for the purpose of this application, the State is expected to have, at the minimum, systems in place to measure and improve its own performance in meeting six specific waiver assurances and requirements.

It may be more efficient and effective for a Quality Improvement Strategy to span multiple waivers and other long-term care services. CMS recognizes the value of this approach and will ask the state to identify other waiver programs and long-term care services that are addressed in the Quality Improvement Strategy.

**Quality Improvement Strategy: Minimum Components**

The Quality Improvement Strategy that will be in effect during the period of the approved waiver is described throughout the waiver in the appendices corresponding to the statutory assurances and sub-assurances. Other documents cited must be available to CMS upon request through the Medicaid agency or the operating agency (if appropriate).

In the QIS discovery and remediation sections throughout the application (located in Appendices A, B, C, D, G, and I), a state spells out:

- The evidence based discovery activities that will be conducted for each of the six major waiver assurances;
- The remediation activities followed to correct individual problems identified in the implementation of each of the assurances;

In Appendix H of the application, a State describes (1) the system improvement activities followed in response to aggregated, analyzed discovery and remediation information collected on each of the assurances; (2) the correspondent roles/responsibilities of those conducting assessing and prioritizing improving system corrections and improvements; and (3) the processes the state will follow to continuously assess the effectiveness of the OIS and revise it as necessary and appropriate.

If the State's Quality Improvement Strategy is not fully developed at the time the waiver application is submitted, the state may provide a work plan to fully develop its Quality Improvement Strategy, including the specific tasks the State plans to undertake during the period the waiver is in effect, the major milestones associated with these tasks, and the entity (or entities) responsible for the completion of these tasks.

When the Quality Improvement Strategy spans more than one waiver and/or other types of long-term care services under the Medicaid State plan, specify the control numbers for the other waiver programs and/or identify the other long-term services that are addressed in the Quality Improvement Strategy. In instances when the QIS spans more than one waiver, the State must be able to stratify information that is related to each approved waiver program. Unless the State has requested and received approval from CMS for the consolidation of multiple waivers for the purpose of reporting, then the State must stratify information that is related to each approved waiver program, i.e., employ a representative sample for each waiver.

**Appendix H: Quality Improvement Strategy (2 of 2)**

**H-1: Systems Improvement**

a. System Improvements

i. Describe the process(es) for trending, prioritizing, and implementing system improvements (i.e., design changes) prompted as a result of an analysis of discovery and remediation information.
The Phoenix Case Management system can produce data associated with the outcomes tied to specified performance measures such as non-face to face care coordinator monthly contacts, face to face quarterly care coordinator contacts, timely initial and re-evaluations for Level of Care determinations, timely service plan development, provider or participant complaints, reports of ANE/critical incidents and narratives for care coordinators. Reports can be generated regionally, statewide, by individual care coordinators or agency. Data can be trended by specified performance measures. This process allows a thorough assessment of areas needing improvement and areas of best practice.

Prioritizing and implementing system improvements is based on the severity of identified problem(s) and the frequency of duplicated errors. Compliance that falls below 100%, (waiver assurance or otherwise) and issues that present as a statewide problem instead of a localized staffing concern, are addressed as priority. Systems Improvement may involve the following: 1) targeted staff training; 2) Revisions to the training program; 3) Revision of policy and procedure for clarification; and 4) Modifications to expand/improve the Phoenix data system.

### ii. System Improvement Activities

<table>

</tbody>
</table>

### b. System Design Changes

i. Describe the process for monitoring and analyzing the effectiveness of system design changes. Include a description of the various roles and responsibilities involved in the processes for monitoring & assessing system design changes. If applicable, include the State's targeted standards for systems improvement.

The following process is used for monitoring and analyzing system design and data: various information may be submitted on the Phoenix data system in order to generate reports from or about care coordinators, other waiver service providers, waiver participant Level of Care status, waiver participant service plan development status, care coordinator narratives and/or contacts, or ANE/critical incident or complaint reports. Caregivers/responsible parties may also call DHHS to submit complaints about their care coordinator provider. This information is researched by the waiver administrator, logged into Phoenix and tracked for resolution.

Data is gathered and compiled from the following data sources: the Phoenix data system; Provider Compliance Reviews conducted by SCDDHS staff at least every 18 months; participant/responsible party appeals and dispositions; quality assurance evidentiary reviews conducted by SCDHHS staff; and quarterly meetings/trainings with care coordination staff conducted by the Waiver Administrator. The State also has a QIO contract that can review all adverse ICF/IID LOC Determinations and a representative sample of any ICF/IID re-evaluations for the MCC waiver.

ii. Describe the process to periodically evaluate, as appropriate, the Quality Improvement Strategy.

Annually, the Medicaid Agency and CSO will review trended data to evaluate the overall quality improvement strategy. There is also the capability to report problems in the Phoenix data system that allows issues discovered by users to be submitted to the Phoenix helpdesk for consideration or correction. This allows ongoing quality improvement within the Phoenix data system.
Appendix I: Financial Accountability

I-I: Financial Integrity and Accountability

**Financial Integrity.** Describe the methods that are employed to ensure the integrity of payments that have been made for waiver services, including: (a) requirements concerning the independent audit of provider agencies; (b) the financial audit program that the state conducts to ensure the integrity of provider billings for Medicaid payment of waiver services, including the methods, scope and frequency of audits; and, (c) the agency (or agencies) responsible for conducting the financial audit program. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

The State employs the following methods to ensure the integrity of payments made for waiver services:

- An automated phone monitoring system, Care Call, that is a front line auditing tool ensuring the integrity of the payments for services. This system links authorized service amounts to claim billing to ensure that over-billing for services is prevented. The system is also used to generate various reports used to do more in depth auditing on issues related to where services were preformed, the time and duration of the service, whether or not a waiver participant received an authorized service, etc. CMS has indicated that this tool is a best practice for states to utilize in waiver management.

The Division of Program Integrity at DHHS responds to complaints and allegations of inappropriate or excessive billings by Medicaid providers, and also collects and analyzes provider data in order to identify billing exceptions and deviations. In this capacity, Program Integrity may audit payments to waiver service providers. The Division of Program Integrity carries out SCDHHS responsibilities concerning suspected Medicaid fraud as required by 42 CFR Part 455, Subpart A.

Program Integrity must conduct a preliminary investigation and cooperate with the state and federal authorities in the referral, investigation, and prosecution of suspected fraud in the Medicaid program. SCDHHS refers suspected cases of Medicaid fraud by health care providers to the Medicaid Fraud Control Unit of the State Attorney General’s Office for investigation and possible prosecution. In addition, the Division of Audits reviews DHHS contracts with external entities in order to ensure that contract terms are met and only allowable costs are charged.

Appendix I: Financial Accountability

Quality Improvement: Financial Accountability

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

*State financial oversight exists to assure that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver.* (For waiver actions submitted before June 1, 2014, this assurance read “State financial oversight exists to assure that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver.”)

i. Sub-Assurances:

a. Sub-assurance: The State provides evidence that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver and only for services rendered.

(Performance measures in this sub-assurance include all Appendix I performance measures for waiver actions submitted before June 1, 2014.)

Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes...
are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:
The number and percent of correct waiver service payments that process through CareCall according to approved service authorizations. N = # of correct waiver service payments that process through Phoenix/CareCall/MMIS per authorization; D = total # of claims reviewed.

</tbody>
</table>

Specify:
ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

The Care Call/Mobile Application Systems are where providers use a toll-free number and/or free mobile application to document service delivery (i.e., respite, nursing, care coordination and pediatric medical day care services). The claim is recorded and compared against service authorizations on file. Claims must meet all criteria to be submitted to Medicaid Management Information System (MMIS) for payment, in which the billing code determines the rate of reimbursement. The state's MMIS ensures that claims submitted via Care Call/Mobile application are for current waiver participants, that the service is paid at the appropriate rate and that the waiver participant is Medicaid eligible.

The Phoenix Case Management System automatically ties the needs identified in the assessment to the service plan. This ensures that any services billed for a waiver participant are identified as a need on the assessment.
b. Methods for Remediation/Fixing Individual Problems
   i. Describe the State’s method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the State to document these items. Aggregated data is used to identify training needs and areas requiring policy clarification/amendments. Any errors identified by staff are corrected and claims are reprocessed appropriately. Provider trainings are done on an as needed basis. SCDHHS staff training is also done on a periodic basis to ensure the latest methods are covered.

   ii. Remediation Data Aggregation
       Remediation-related Data Aggregation and Analysis (including trend identification)

\[\text{Appendix I: Financial Accountability}\]

\[\text{I-2: Rates, Billing and Claims (1 of 3)}\]

a. Rate Determination Methods. In two pages or less, describe the methods that are employed to establish provider payment rates for waiver services and the entity or entities that are responsible for rate determination. Indicate any opportunity for public comment in the process. If different methods are employed for various types of services, the description may group services for which the same method is employed. State laws, regulations, and policies referenced in the description are available upon request to CMS through the Medicaid agency or the operating agency (if applicable).

Within SCDHHS, the Department of Reimbursement Methodology and Policy, with the assistance of the Department of Long Term Care and Behavioral Health, is responsible for the development of waiver service payment rates. The Medicaid agency allows the public to offer comments on waiver rate changes and rate setting methodology either through Medical Care Advisory Committee meetings or through meetings with provider association representatives.
Care coordination services are provided by registered nurses with pediatric experience. The rates for these services to waiver participants were established to be comparable to registered nurse service rates in other DHHS programs. Specifically, these rates were developed to align these payment rates with RN services provided to children with a high level of needs that are available under the State Plan.

To clarify, the rate for the Care Advocate Contact service was established to mirror the Targeted Case Management rate (non-face to face) used for other SC Medicaid populations. The primary functions of the Care Advocate service are non-clinical in nature, and therefore more closely mirror the rate structure of TCM services, which are based on provision of service by case managers.

Respite rates for RN and LPN services were established to ensure comparability with RN and LPN services (non-enhanced) that are available under the State Plan, specifically, home-based private duty nursing services. Unskilled respite rates were developed to be consistent with personal care service rates in other waivers.

The Pediatric Medical Day Care rate was established after: 1) a survey of a neighboring state’s reimbursements rate for similar services, and 2) further verified by an evaluation of the costs for the day care services provided as part of the medically fragile program administered by SCDHHS prior to the implementation of the MCC waiver.

b. Flow of Billings. Describe the flow of billings for waiver services, specifying whether provider billings flow directly from providers to the State's claims payment system or whether billings are routed through other intermediary entities. If billings flow through other intermediary entities, specify the entities:

Provider billings flow directly from providers to the States claim payment system. For all waiver services, the provider uses the Care Call/Mobile application systems to document delivery of services.

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (2 of 3)

c. Certifying Public Expenditures (select one):

☐ No. State or local government agencies do not certify expenditures for waiver services.

☐ Yes. State or local government agencies directly expend funds for part or all of the cost of waiver services and certify their State government expenditures (CPE) in lieu of billing that amount to Medicaid.

Select at least one:

☐ Certified Public Expenditures (CPE) of State Public Agencies.

Specify: (a) the State government agency or agencies that certify public expenditures for waiver services; (b) how it is assured that the CPE is based on the total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). (Indicate source of revenue for CPEs in Item I-4-a.)

☐ Certified Public Expenditures (CPE) of Local Government Agencies.

Specify: (a) the local government agencies that incur certified public expenditures for waiver services; (b) how it is assured that the CPE is based on total computable costs for waiver services; and, (c) how the State verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR §433.51(b). (Indicate source of revenue for CPEs in Item I-4-b.)
Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (3 of 3)

d. Billing Validation Process. Describe the process for validating provider billings to produce the claim for federal financial participation, including the mechanism(s) to assure that all claims for payment are made only: (a) when the individual was eligible for Medicaid waiver payment on the date of service; (b) when the service was included in the participant's approved service plan; and, (c) the services were provided:

The State now processes all Medically Complex Children's Waiver services through the Care Call/Mobile application systems. For all claims submitted through these systems, a pre-payment review is conducted. Care Call/Mobile application only submits claims to MMIS for services that were prior authorized by the care coordinator and are included in the participant's service plan. Care Call compares services documented by providers to the amount, frequency, and duration prior authorized by the care coordinator. The claim will submit to MMIS for payment up to the authorized amount in the service plan.

Once the claim is submitted to MMIS, payment is made to the provider only if the participant was Medicaid eligible on the date of service and there is an indication in MMIS that the participant is enrolled in the waiver program. This is the case for all claims, regardless of whether they are submitted through the Care Call system.

The Division of Program Integrity conducts post-payment reviews. They review sample claims and determine if services have been billed as authorized.

e. Billing and Claims Record Maintenance Requirement. Records documenting the audit trail of adjudicated claims (including supporting documentation) are maintained by the Medicaid agency, the operating agency (if applicable), and providers of waiver services for a minimum period of 3 years as required in 45 CFR §92.42.

Appendix I: Financial Accountability

I-3: Payment (1 of 7)

a. Method of payments -- MMIS (select one):

○ Payments for all waiver services are made through an approved Medicaid Management Information System (MMIS).

○ Payments for some, but not all, waiver services are made through an approved MMIS.

Specify: (a) the waiver services that are not paid through an approved MMIS; (b) the process for making such payments and the entity that processes payments; (c) and how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:

○ Payments for waiver services are not made through an approved MMIS.

Specify: (a) the process by which payments are made and the entity that processes payments; (b) how and through which system(s) the payments are processed; (c) how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:

○ Payments for waiver services are made by a managed care entity or entities. The managed care entity is paid a monthly capitated payment per eligible enrollee through an approved MMIS.
Describe how payments are made to the managed care entity or entities:

Appendix I: Financial Accountability
I-3: Payment (2 of 7)

b. **Direct payment.** In addition to providing that the Medicaid agency makes payments directly to providers of waiver services, payments for waiver services are made utilizing one or more of the following arrangements *(select at least one)*:

- The Medicaid agency makes payments directly and does not use a fiscal agent (comprehensive or limited) or a managed care entity or entities.
- The Medicaid agency pays providers through the same fiscal agent used for the rest of the Medicaid program.
- The Medicaid agency pays providers of some or all waiver services through the use of a limited fiscal agent.

Specify the limited fiscal agent, the waiver services for which the limited fiscal agent makes payment, the functions that the limited fiscal agent performs in paying waiver claims, and the methods by which the Medicaid agency oversees the operations of the limited fiscal agent:

- Providers are paid by a managed care entity or entities for services that are included in the State's contract with the entity.

Specify how providers are paid for the services (if any) not included in the State's contract with managed care entities:

Appendix I: Financial Accountability
I-3: Payment (3 of 7)
c. **Supplemental or Enhanced Payments.** Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan/waiver. Specify whether supplemental or enhanced payments are made. *Select one:*

- No. The State does not make supplemental or enhanced payments for waiver services.
- Yes. The State makes supplemental or enhanced payments for waiver services.

Describe: (a) the nature of the supplemental or enhanced payments that are made and the waiver services for which these payments are made; (b) the types of providers to which such payments are made; (c) the source of the non-Federal share of the supplemental or enhanced payment; and, (d) whether providers eligible to receive the supplemental or enhanced payment retain 100% of the total computable expenditure claimed by the State to CMS. Upon request, the State will furnish CMS with detailed information about the total amount of supplemental or enhanced payments to each provider type in the waiver.
Appendix I: Financial Accountability

I-3: Payment (4 of 7)

d. **Payments to State or Local Government Providers.** Specify whether State or local government providers receive payment for the provision of waiver services.

- **No. State or local government providers do not receive payment for waiver services.** Do not complete Item I-3-e.
- **Yes. State or local government providers receive payment for waiver services.** Complete Item I-3-e.

Specify the types of State or local government providers that receive payment for waiver services and the services that the State or local government providers furnish:

Appendix I: Financial Accountability

I-3: Payment (5 of 7)

e. **Amount of Payment to State or Local Government Providers.**

Specify whether any State or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed its reasonable costs of providing waiver services and, if so, whether and how the State recoups the excess and returns the Federal share of the excess to CMS on the quarterly expenditure report. Select one:

Answers provided in Appendix I-3-d indicate that you do not need to complete this section.

- The amount paid to State or local government providers is the same as the amount paid to private providers of the same service.
- The amount paid to State or local government providers differs from the amount paid to private providers of the same service. No public provider receives payments that in the aggregate exceed its reasonable costs of providing waiver services.
- The amount paid to State or local government providers differs from the amount paid to private providers of the same service. When a State or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed the cost of waiver services, the State recoups the excess and returns the federal share of the excess to CMS on the quarterly expenditure report.

Describe the recoupment process:

Appendix I: Financial Accountability

I-3: Payment (6 of 7)

f. **Provider Retention of Payments.** Section 1903(a)(1) provides that Federal matching funds are only available for
expenditures made by states for services under the approved waiver. Select one:

- Providers receive and retain 100 percent of the amount claimed to CMS for waiver services.
- Providers are paid by a managed care entity (or entities) that is paid a monthly capitated payment.

Specify whether the monthly capitated payment to managed care entities is reduced or returned in part to the State.

Appendix I: Financial Accountability

I-3: Payment (7 of 7)

g. Additional Payment Arrangements

i. Voluntary Reassignment of Payments to a Governmental Agency. Select one:

- No. The State does not provide that providers may voluntarily reassign their right to direct payments to a governmental agency.
- Yes. Providers may voluntarily reassign their right to direct payments to a governmental agency as provided in 42 CFR §447.10(e).

Specify the governmental agency (or agencies) to which reassignment may be made.

ii. Organized Health Care Delivery System. Select one:

- No. The State does not employ Organized Health Care Delivery System (OHCDS) arrangements under the provisions of 42 CFR §447.10.
- Yes. The waiver provides for the use of Organized Health Care Delivery System arrangements under the provisions of 42 CFR §447.10.

Specify the following: (a) the entities that are designated as an OHCDS and how these entities qualify for designation as an OHCDS; (b) the procedures for direct provider enrollment when a provider does not voluntarily agree to contract with a designated OHCDS; (c) the method(s) for assuring that participants have free choice of qualified providers when an OHCDS arrangement is employed, including the selection of providers not affiliated with the OHCDS; (d) the method(s) for assuring that providers that furnish services under contract with an OHCDS meet applicable provider qualifications under the waiver; (e) how it is assured that OHCDS contracts with providers meet applicable requirements; and, (f) how financial accountability is assured when an OHCDS arrangement is used:

iii. Contracts with MCOs, PIHPs or PAHPs. Select one:

- The State does not contract with MCOs, PIHPs or PAHPs for the provision of waiver services.
- The State contracts with a Managed Care Organization(s) (MCOs) and/or prepaid inpatient health plan(s) (PIHP) or prepaid ambulatory health plan(s) (PAHP) under the provisions of §1915(a)(1) of the Act for the delivery of waiver and other services. Participants may voluntarily elect to receive waiver and other services through such MCOs or prepaid health plans. Contracts with these health
plans are on file at the State Medicaid agency.

Describe: (a) the MCOs and/or health plans that furnish services under the provisions of §1915(a)(1); (b) the geographic areas served by these plans; (c) the waiver and other services furnished by these plans; and, (d) how payments are made to the health plans.

This waiver is a part of a concurrent §1915(b)/§1915(c) waiver. Participants are required to obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The §1915(b) waiver specifies the types of health plans that are used and how payments to these plans are made.

Appendix I: Financial Accountability

I-4: Non-Federal Matching Funds (1 of 3)

a. State Level Source(s) of the Non-Federal Share of Computable Waiver Costs. Specify the State source or sources of the non-federal share of computable waiver costs. Select at least one:

- [ ] Appropriation of State Tax Revenues to the State Medicaid agency
- [ ] Appropriation of State Tax Revenues to a State Agency other than the Medicaid Agency.

If the source of the non-federal share is appropriations to another state agency (or agencies), specify: (a) the State entity or agency receiving appropriated funds and (b) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if the funds are directly expended by State agencies as CPEs, as indicated in Item I-2-c:

[ ] Other State Level Source(s) of Funds.

Specify: (a) the source and nature of funds; (b) the entity or agency that receives the funds; and, (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if funds are directly expended by State agencies as CPEs, as indicated in Item I-2-c:

Appendix I: Financial Accountability

I-4: Non-Federal Matching Funds (2 of 3)

b. Local Government or Other Source(s) of the Non-Federal Share of Computable Waiver Costs. Specify the source or sources of the non-federal share of computable waiver costs that are not from state sources. Select One:

- [ ] Not Applicable. There are no local government level sources of funds utilized as the non-federal share.
- [ ] Applicable
  
  Check each that applies:
  - [ ] Appropriation of Local Government Revenues.
Specify: (a) the local government entity or entities that have the authority to levy taxes or other revenues; (b) the source(s) of revenue; and, (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement (indicate any intervening entities in the transfer process), and/or, indicate if funds are directly expended by local government agencies as CPEs, as specified in Item I-2-c:

Other Local Government Level Source(s) of Funds.

Specify: (a) the source of funds; (b) the local government entity or agency receiving funds; and, (c) the mechanism that is used to transfer the funds to the State Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if funds are directly expended by local government agencies as CPEs, as specified in Item I-2-c:

Appendix I: Financial Accountability
I-4: Non-Federal Matching Funds (3 of 3)

c. Information Concerning Certain Sources of Funds. Indicate whether any of the funds listed in Items I-4-a or I-4-b that make up the non-federal share of computable waiver costs come from the following sources: (a) health care-related taxes or fees; (b) provider-related donations; and/or, (c) federal funds. Select one:

- None of the specified sources of funds contribute to the non-federal share of computable waiver costs
- The following source(s) are used
  - Check each that applies:
    - Health care-related taxes or fees
    - Provider-related donations
    - Federal funds

For each source of funds indicated above, describe the source of the funds in detail:

Appendix I: Financial Accountability
I-5: Exclusion of Medicaid Payment for Room and Board

a. Services Furnished in Residential Settings. Select one:

- No services under this waiver are furnished in residential settings other than the private residence of the individual.
- As specified in Appendix C, the State furnishes waiver services in residential settings other than the personal home of the individual.

b. Method for Excluding the Cost of Room and Board Furnished in Residential Settings. The following describes the methodology that the State uses to exclude Medicaid payment for room and board in residential settings:

Do not complete this item.
Appendix I: Financial Accountability

I-6: Payment for Rent and Food Expenses of an Unrelated Live-In Caregiver

Reimbursement for the Rent and Food Expenses of an Unrelated Live-In Personal Caregiver. Select one:

- No. The State does not reimburse for the rent and food expenses of an unrelated live-in personal caregiver who resides in the same household as the participant.
- Yes. Per 42 CFR §441.310(a)(2)(ii), the State will claim FFP for the additional costs of rent and food that can be reasonably attributed to an unrelated live-in personal caregiver who resides in the same household as the waiver participant. The State describes its coverage of live-in caregiver in Appendix C-3 and the costs attributable to rent and food for the live-in caregiver are reflected separately in the computation of factor D (cost of waiver services) in Appendix J. FFP for rent and food for a live-in caregiver will not be claimed when the participant lives in the caregiver’s home or in a residence that is owned or leased by the provider of Medicaid services.

The following is an explanation of: (a) the method used to apportion the additional costs of rent and food attributable to the unrelated live-in personal caregiver that are incurred by the individual served on the waiver and (b) the method used to reimburse these costs:

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (1 of 5)

a. Co-Payment Requirements. Specify whether the State imposes a co-payment or similar charge upon waiver participants for waiver services. These charges are calculated per service and have the effect of reducing the total computable claim for federal financial participation. Select one:

- No. The State does not impose a co-payment or similar charge upon participants for waiver services.
- Yes. The State imposes a co-payment or similar charge upon participants for one or more waiver services.
  i. Co-Pay Arrangement.

Specify the types of co-pay arrangements that are imposed on waiver participants (check each that applies):

<table>
<thead>
<tr>
<th>Charges Associated with the Provision of Waiver Services (if any are checked, complete Items I-7-a-ii through I-7-a-iv):</th>
</tr>
</thead>
<tbody>
<tr>
<td>□ Nominal deductible</td>
</tr>
</tbody>
</table>

Specify:
Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (2 of 5)

a. Co-Payment Requirements.

ii. Participants Subject to Co-pay Charges for Waiver Services.

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (3 of 5)

a. Co-Payment Requirements.

iii. Amount of Co-Pay Charges for Waiver Services.

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (4 of 5)

a. Co-Payment Requirements.

iv. Cumulative Maximum Charges.

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (5 of 5)

b. Other State Requirement for Cost Sharing. Specify whether the State imposes a premium, enrollment fee or similar cost sharing on waiver participants. Select one:

○ No. The State does not impose a premium, enrollment fee, or similar cost-sharing arrangement on waiver participants.

○ Yes. The State imposes a premium, enrollment fee or similar cost-sharing arrangement.

Describe in detail the cost sharing arrangement, including: (a) the type of cost sharing (e.g., premium, enrollment fee); (b) the amount of charge and how the amount of the charge is related to total gross family income; (c) the groups of participants subject to cost-sharing and the groups who are excluded; and, (d) the mechanisms for the collection of cost-sharing and reporting the amount collected on the CMS 64:

Appendix J: Cost Neutrality Demonstration

J-1: Composite Overview and Demonstration of Cost-Neutrality Formula

Composite Overview. Complete the fields in Cols. 3, 5 and 6 in the following table for each waiver year. The fields in
Cols. 4, 7 and 8 are auto-calculated based on entries in Cols 3, 5, and 6. The fields in Col. 2 are auto-calculated using the Factor D data from the J-2-d Estimate of Factor D tables. Col. 2 fields will be populated ONLY when the Estimate of Factor D tables in J-2-d have been completed.

**Level(s) of Care: Nursing Facility, ICF/IID**

**Appendix J: Cost Neutrality Demonstration**

**J-2: Derivation of Estimates (2 of 9)**

**b. Average Length of Stay.** Describe the basis of the estimate of the average length of stay on the waiver by participants in item J-2-a.

The State has projected the ALOS based on prior year information and trending analysis. Due to the complex medical condition of the children being served in the waiver their health is either improving and they no longer meet the criteria (i.e., graduated), reached 18 years of age and aged out of the program, voluntarily disenrolled, involuntarily terminated, or health declined and they expired.

**Appendix J: Cost Neutrality Demonstration**

**J-2: Derivation of Estimates (3 of 9)**

**c. Derivation of Estimates for Each Factor.** Provide a narrative description for the derivation of the estimates of the following factors.
i. **Factor D Derivation.** The estimates of Factor D for each waiver year are located in Item J-2-d. The basis for these estimates is as follows:

The state has utilized ad hoc reporting to isolate those children that currently meet the criteria for inclusion in the Medically Complex Children's Waiver. These reports were used to provide projections of participants receiving each service and the average number of units. In some cases, the average number of units increased related to a projected increase in enrollment. Rates are based upon existing rates with an annual 3% inflation factor for each year of the waiver after Year 1.

ii. **Factor D’ Derivation.** The estimates of Factor D’ for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The state has utilized ad hoc reporting to isolate those children that currently meet the criteria for inclusion into the Medically Complex Children's Waiver. These reports have been used to provide average monthly estimates of participants receiving acute care services. These estimates are based upon existing expenditures for acute care with an annual 3% inflation factor for each year of the waiver after Year 1.

iii. **Factor G Derivation.** The estimates of Factor G for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The factor G estimates are based on a weighted daily average expenditure for both ICF/IID and nursing facility multiplied by the average length of stay.

iv. **Factor G’ Derivation.** The estimates of Factor G’ for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The state has utilized SFY 2010 cost reports for ICF/IID and nursing facility acute care costs for the factor G'derivation. These estimates are based upon average expenditures with an annual 3% inflation factor for each year of the waiver after Year 1.

### Appendix J: Cost Neutrality Demonstration

**J-2: Derivation of Estimates (8 of 9)**

**d. Estimate of Factor D.**

i. **Non-Concurrent Waiver.** Complete the following table for each waiver year. Enter data into the Unit, # Users, Avg. Units Per User, and Avg. Cost/Unit fields for all the Waiver Service/Component items. Select Save and Calculate to automatically calculate and populate the Component Costs and Total Costs fields. All fields in this table must be completed in order to populate the Factor D fields in the J-1 Composite Overview table.
