

# South Carolina Developmental Disabilities Council

## Impact Statement

### Educating families and individuals about available supports

In FY24, 12,505 people were impacted by Council-supported or led activities.

### Ensuring access to secure and meaningful employment

Through bi-partisan efforts, we worked with partners to eliminate the practice of subminimum wage in SC.

### Strengthening Self-Advocates and families

511 people have graduated from our Partners in Policymaking class.

### Ensuring that people with IDD have autonomy

94% of people with disabilities and their family members reported increasing their advocacy through Council activities
